Teleconnect Fund Discounts

Re: California Teleconnect Fund Administrative Letter No. 9

Revised method for calculating discounts for less than a one month period.

This letter is to advise you that we revised the method for calculating the daily rate used in claims for less than a full month period. The new calculation: divide the monthly value of the claim by 30 (thirty), which produces the value for a daily rate.

Questions regarding this letter should be directed to Katherine Morehouse, 415-703-5331 or ksm@cpuc.ca.gov.

John M. Leutza, Director
Telecommunications Division
