To: **California Advanced Services Fund (CASF) Distribution and Service Lists**

Re: **Postponement of the 2023 CASF Infrastructure Application Deadlines**

In Decision [\(D.\) 22-11-023](#), the California Public Utilities Commission (CPUC) established timelines for submission of applications for the CASF Infrastructure Account. Due to the delay caused by late submittal of multiple service providers' data necessary to produce the 2023 [California Interactive Broadband Map](#) and in response to some stakeholders' requests, the CPUC will postpone the 2023 CASF infrastructure application deadline by approximately one month. Pursuant to Rule 16.6 of the Commission's Rules of Practice and Procedure, I, as Executive Director of the CPUC, authorize that the deadline for applications be moved from April 3 to May 1, 2023, and all subsequent deadlines with the exception of the final deadline for publishing Draft Resolutions be moved accordingly per the table below. These changes only apply to 2023; the timeline for future years will follow D. 22-11-023.

Revised 2023 CASF Infrastructure Account Timeline

Event	Date
CASF Infrastructure Account Application Deadline	May 1, 2023
Deadline for Communications Division Staff to post Application Summaries and Maps to CPUC website and notify CASF Distribution List	May 15, 2023
Deadline for Challenge Submissions	June 5, 2023
Deadline for Application Approvals Under Ministerial Review	October 1, 2023
Deadline for publishing Draft Resolutions recommending Project Approval	December 31, 2023

Pursuant to Rule 16.6 of the Rules of Practice and Procedure, the CASF Service and Distribution Lists are notified via electronic email of the revised application due dates.

Sincerely,

Rachel Peterson
Executive Director
