Total Sites Visited	186	

Site Visits Summary 2021-23: CPUC Communications Division Engineers (CD) visited a sum of one hundred and eighty-six (186) wireline and wireless facilities and/or sites (“sites”) in 2021, 2022, and 2023. This table shows the sites CD visited by county, listed in descending order by the number of sites visited per county, and the names of the service providers whose sites were visited in each county. CD selected sites to visit based on several factors, further explained in this report: [<LINK TO PUBLIC VERSION OF SITE VISIT REPORT >](#)
