Reference: California Video Franchise 0002

Dear Mr. Morris:

Attached is AT&T California's supplemental application to amend its state-issued video franchise to include the city of Anaheim. AT&T currently provides its U-verse TV service to Anaheim pursuant to a local agreement.

AT&T California already has a surety bond in the amount of \$500,000, so with the change made regarding bond requirements in D.08-07-007, no additional bond is required. As per General Order 169, VI.C.1, there is no fee required to amend a franchise to change the service territory.

A copy of the letter sent today to the city of Anaheim is attached.

AT&T will provide the proprietary information required in response to Questions 15 and 16 separately, as allowed for in the filing process. Should you have any questions, please give me a call.

Sincerely,
