**RE: Video Franchise Application—Amendment to Increase Video Service Area**

Dear Mr. Morris:

On behalf of Mediacom California LLC (“Mediacom”) enclosed please find **one paper original and one paper copy** of the Video Franchise Application to amend Certificate 0033 currently on file with the California Public Utilities Commission (“CPUC”) to include the City of Clearlake, CA. Please note that for questions 15 and 16 of the application, Mediacom had to make the assumption that it offered video service to the same percentage of low-income households as it did total households in the City of Clearlake; for example, if Mediacom’s penetration was 98% in a census tract, we assumed that we offered service to 98% of the low-income households in that census tract.

In addition, enclosed are the following items: (1) a copy of Mediacom’s **bond** in the amount of \$200,000.00; (2) a **CD** with the Application Data Template; and (3) a **check** in the amount of \$2,000.00, representing the filing fee.

Should you have any questions, please feel free to contact me.

Sincerely,

Jenna Comizio Guarino
