INTRODUCTION

On May 14, 2025, I was assigned to investigate the operations and practices of AAG Luxury Transportation Inc. (hereinafter referred to as AAG Luxury) because AAG Luxury was observed operating during suspension of its California Public Utilities Commission's (CPUC) authority during a joint enforcement operation at the Los Angeles International Airport (LAX).

VIOLATIONS

I investigated AAG Luxury for April 21, 2025, and found a violation of the following provisions of the Public Utilities (Pub. Util.) Code:

- **Operated as a Charter-Party Carrier (TCP) during suspension of its authority in violation of Pub. Util. Code Section 5379 [1 count].**

Pub. Util. Code 5379 states in a part that "After the cancellation or revocation of a permit or certificate, or during the period of its suspension, or after the expiration of its permit or certificate, it is unlawful for a charter-party carrier of passengers to conduct any operations as a carrier."

CPUC's Transportation and Licensing Analysis Branch (TLAB) records show that an Order of Suspension was sent to AAG Luxury on April 15, 2025 [**Attachment 1**]. The Order informed AAG Luxury that any unlawful operations are subject to fines and penalties as outlined in the Pub. Util. Code.

On August 21, 2025, Enforcement Analyst Manal Antabli issued AAG Luxury a Cease and Desist Notice [**Attachment 2**] and an Inspection Observation Report [**Attachment 3**] for operating on a suspended TCP authority. My investigation disclosed that AAG Luxury conducted one day of operation during the suspension of its TCP authority.

DECLARATION

I have read the foregoing and know the contents thereof and I declare under penalty of perjury that the foregoing is true and correct, except as to those matters stated on information and belief, and to those matters, I believe to be true.

Executed on October 13, 2025, in Los Angeles, California.

CPUC Order of Suspension

This is notice from the California Public Utilities Commission (CPUC) that the **TCP B CERTIFICATE** listed on this letter is suspended.

The table below lists the reason(s) for suspension; the effective date of the suspension(s); and the date the permit/certificate will be revoked if the reason(s) for suspension are not resolved.

<u>Suspension Reasons</u>		
Reason	Suspension Date	Revocation Date
Failure to pay or report annual user fees (PUCTRA) - 2024	April 15, 2025	July 14, 2025

While voluntary suspensions may stay in effect until the permit or certificate expires, it may be revoked sooner for other reasons including failing to pay transportation user fees (PUCTRA) or failing to submit your annual CHP terminal safety inspection request(s).

After the cancellation or revocation of a permit or certificate, or during the period of its suspension, or after the expiration of its permit or certificate, it is unlawful for a Passenger Stage Corporation (PSC) or a Transportation Charter-Party carrier (TCP) of passengers to conduct any operations as a carrier. (California Public Utilities Code §§ 1045, 5379). Unlawful operations are subject to fines and penalties as set forth in the California Public Utilities Code and may include permanent revocation of your operating authority or being permanently barred from receiving an operating authority.

A carrier whose certificate or permit is suspended due to failing to pass a vehicle inspection by the California Highway Patrol (CHP) (California Public Utilities Code § 5378.5, Commission Resolution TL-18336) may obtain a reinspection of its terminal and vehicles by the CHP by submitting a written request for reinstatement to CPUC and paying a reinstatement fee of one thousand dollars (\$1,000). (California Public Utilities Code § 5378.5(b)). Upon receipt of a written recommendation from CHP to suspend a carrier's operating authority, a carrier may request a hearing of the suspension by making a written request to CPUC and the CHP showing cause why the suspension should not be continued.

If your suspension is due to failing to maintain insurance, you must contact your insurance provider to reinstate your policy on-file with the CPUC.
