## **ADDITIONAL INFORMATION**

### **Pursuant to Public Utilities Commission Decision D.19-06-033**

- Beginning on July 1, 2019, transportation network companies (TNCs) are required to collect a ten cent (\$0.10) fee on each TNC trip in California to support the expansion of on-demand transportation for non-folding wheelchair users who require a wheelchair accessible vehicle (WAV).
- The “TNC Access for All Fund Fee” is required to be collected on each “TNC trip” only. A “TNC trip” refers to a trip completed 1) under a TNC’s operating authority 2) using a TNC’s online-enabled application or platform to connect passengers with drivers using their personal vehicles. The fee is not required to be collected on trips provided by transportation charter party (TCP) carriers, rather than by drivers using their personal vehicles, that may be available for chartering on a TNC’s app.
- Each county in California is designated as a distinct “geographic area” for purposes of Access for All Fund fee collection, reporting, and remittance. The fee is collected from the county where the TNC trip originates.

For more information, see [Commission Decision 19-06-033](#) and visit: <https://www.cpuc.ca.gov/tncaccess/>

### **Pursuant to California Public Utilities Code Section 423(b)**

Payment of the fee is required on a quarterly basis between the first (1<sup>st</sup>) and fifteenth (15<sup>th</sup>) days of July, October, January, and April.

### **Pursuant to California Public Utilities Code Section 405**

The Commission may suspend or revoke a carrier’s operating authority for failure to remit and report fees to the Commission within 30 days following the due date.
