Subject: HopSkipDrive Advice Letter 4A Disposition

Dear Margaret Tobias,

Pursuant to California Public Utilities Commission (CPUC) Decision D.24-12-004, the Consumer Protection and Enforcement Division (CPED) of the CPUC has processed your recent Advice Letter (AL) filing and is providing an AL status certificate for your records. This status certificate indicates:

Advice Letter Number
Name of Filer
CPUC Corporate ID number of Filer
Subject of AL Filing
Date Filed
Disposition of Filing (Approved, Rejected, Withdrawn, etc.)
Effective Date of Filing

CPED did not receive any protests against HopSkipDrive AL 4A.

Please review your advice letter filing with the information contained in the attached AL status certificate and the Appendix for a description of the AL and staff's disposition. If you have any questions on this matter, please contact CPED Staff via email at noah.thoron@cpuc.ca.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Joshua Huneycutt".

Joshua Huneycutt
Program Manager, Transportation Licensing and Analysis Branch
Consumer Protection and Enforcement Division

**Appendix: Staff Review and Disposition****Background**

In accordance with D.24-12-004, HopSkipDrive, Inc. (HopSkipDrive) filed advice letter (AL) 4 on February 17, 2026, describing their compliance regarding services offered to unaccompanied minors. On February 25, 2026, HopSkipDrive filed AL 4A to correct a reference to D.22-06-029 with a reference to D.24-12-004. CPED did not receive any protests against AL 4A.

This disposition evaluates HopSkipDrive's compliance with the requirements described in D.24-12-004.

D.24-12-004 requires all Transportation Network Companies (TNCs) whose drivers intend to transport unaccompanied minors in California to file a Tier 1 informational AL annually describing how the TNC implements live trip tracking accessible by parents and/or guardians; the safety procedures at pickup and drop-off locations; and how the TNC implements driver training on issues specific to transporting an unaccompanied minor.

Discussion**A. Disposition of AL #4A**

HopSkipDrive filed AL 4A describing their compliance regarding services offered to unaccompanied minors. D.24-12-004 provides the requirements for TNCs transporting unaccompanied minors:

Each Transportation Network Company that offer services to unaccompanied minors must submit informational filings within 60 days of the adoption of this decision and annually thereafter via Tier 1 Advice Letter that:

- (a) Describes how they provide a form of real-time ride tracking to an unaccompanied minor's parents or custodial adults so that they can accurately track the initiation and completion of that unaccompanied minor's transport;*
- (b) Describes how they implement safety procedures such as the adoption of a personally identifiable number (PIN) for the pickup of unaccompanied minors so that the minors know that they are entering the correct vehicle;*
- (c) Describes how the PIN confirms the unaccompanied minor's age eligibility without requiring the unaccompanied minor to provide their date of birth;*
- (d) Describes how they implement safety procedures for the drop-off of unaccompanied minors so that the drivers know if the unaccompanied minor will be met at the destination spot by the minor's parent or custodial adult; and*
- (e) Describes how they provide drivers with training on the transport of unaccompanied minors, including the understanding of the pickup and drop-off procedures.*

Table 1 below shows whether HopSkipDrive has met all the listed requirements.

PUBLIC UTILITIES COMMISSION

505 VAN NESS AVENUE
SAN FRANCISCO, CA 94102-3298

Table 1: Review of Compliance with D.24-12-004 Requirements

| Decision Requirements: | HopSkipDrive's compliance with the requirements: | Satisfies Requirements? |
|---|---|-------------------------|
| Live trip tracking, accessible by parents and/or guardians | Caregivers can monitor a ride through the app, which notifies them when the passenger is picked up, en route, and dropped off. A photo of the driver and vehicle is provided to the caregiver. If the caregiver does not have app access, text messages provide the same notifications. | Yes |
| Safety procedures at pick-up | HopSkipDrive uses a two-step process before a ride begins, where the passenger confirms that the driver correctly provides a unique code word, and the driver confirms that the passenger correctly provides their month and day of birth. | Yes |
| Confirming age eligibility without requiring full date of birth | HopSkipDrive does not require the minor's full date of birth; instead, the driver confirms the rider's month and day of birth, without the birth year. | Yes |
| Safety procedures at drop-off | Caregivers can specify that a passenger must be met by a designated caregiver at drop-off. The application notifies the driver of this requirement and details how they should proceed at drop off. | Yes |
| Implementation of driver training | Drivers must participate in an online training designed for HopSkipDrive. It provides drivers training in pick-up and drop-off procedures, as well as other subjects relevant to a driver's roles, including "safe driving practices, considerations for transporting minors with disabilities, and emergency preparedness." Drivers are provided and expected to abide by HopSkipDrive's Zero Tolerance Policy which includes the Physical Contact Policy. | Yes |

Having met all parts of the criteria in D.24-12-004 Ordering Paragraph 6 and having submitted the required informational filing, HopSkipDrive's AL 4A is approved.
