Notes

1. Officers of Pacific Gas and Electric Company include those employees in positions with titles of Vice President (“VP”) or above. It does not include employees who function in an officer capacity solely for governance purposes such as assistant corporate secretary and assistant treasurer.
2. Reflects the annual base salary approved for March 1, 2013 or, for new officers, upon hire/promotion.
3. Represents target Short-Term Incentive Plan award based on annual salary at March 1, 2013 or, for new officers, upon hire/promotion. Target awards range from 30% to 100% of base salary. An overall company-wide STIP score is applied that can range from 0 to 2, depending on the extent to which objectives are met. 2013 objectives were based 40% on safety, and 35% on customer satisfaction, and 25% on financial results. An individual performance modifier is then applied that can range from 0 to 1.5. Actual awards were paid in 2014.
4. Restricted stock units (RSUs) granted in 2013. For the annual grant made on March 1, 2013, the estimated value is based on the average closing price of PG&E Corporation common stock for the five trading days ending March 1, 2013 (\$42.166). 75,845 RSUs granted to the Chairman, President and CEO on March 1, 2013 are valued at \$42.85 per unit. 11,220 RSUs granted to a VP, 4,485 RSUs granted to a SVP, 3,140 RSUs granted to a Sr. Director, and 3,140 RSUs granted to a Sr. Director on June 11, 2013 are valued at \$44.85 per unit. 3,390 RSUs granted to a VP on August 5, 2013 are valued at \$45.56 per unit. 3,590 RSUs granted to a VP, 3,590 RSUs granted to a VP, and 3,350 RSUs granted to a Sr. Director on November 8, 2013 are valued at \$41.77 per unit. 8,535 RSUs granted to a VP on November 18, 2013 are valued at \$41.02 per unit. 3,715 RSUs granted to a VP on November 29, 2013 are valued at \$40.37 per unit. RSUs generally vest in 20% increments over the first three years following the grant with the remaining 40% vesting in the fourth year following the grant. 5,610 RSUs granted to a VP on June 11, 2013 vest one-third each year on the following three anniversaries of the grant. 4,485 RSUs granted to a SVP on June 11, 2013 vest 50% each year on the first and second anniversaries of the grant. Upon vesting, the RSUs settle in net shares of PG&E Corporation common stock.
5. Performance shares granted in 2013. For the annual grant made on March 1, 2013, the estimated value is based on the average closing price of PG&E Corporation common stock for the five trading days preceding March 1, 2013 (\$42.166). 97,160 shares granted to the Chairman, President and CEO on March 1, 2013 are valued at \$33.45 per share. Generally, performance shares vest, if at all, at the end of a three-year period, depending on PG&E Corporation’s TSR relative to its comparator group. There will be no payout for TSR performance below the 25th percentile; there will be a 25% payout for TSR performance at the 25th percentile; there will be a 100% payout for performance at the 75th percentile; and there will be a 200% payout if PG&E Corporation’s TSR ranks first. If PG&E Corporation’s TSR is between the 25th percentile and the 75th percentile, or above the 75th percentile, award payouts will be determined by straight-line interpolation. Upon vesting, the performance shares settle in net shares of PG&E Corporation common stock.
6. As part of the Executive Stock Ownership Program, eligible executives may receive Special Incentive Stock Ownership Premiums (SISOPs) that are designed to encourage participants to meet certain stock ownership milestones as soon as possible. SISOPs are common stock equivalents that are converted to units in the PG&E Corporation Phantom Stock Fund under the Supplemental Retirement Savings Plan, a deferred compensation plan. The units vest on the third anniversary of the grant date. The SISOPs shown were granted January 2, 2013 and are valued at the closing price of PG&E Corporation common stock on that date (\$40.85).

PROPORTION OF COMPENSATION PAID DIRECTLY OR INDIRECTLY BY UTILITY
CUSTOMERS FOR THE YEAR ENDED DECEMBER 31, 2013

In the 2011 General Rate Case (GRC), PG&E did not seek recovery of all of the costs included in "Aggregate Compensation". The GRC request excluded costs for the Long-Term Incentive Program, Special Incentive Stock Ownership Premiums, and officer perquisite allowances. On the "Compensation Received or Deferred" schedule those costs are presented in the columns titled "Proceeds from Stock Options Exercised", "Proceeds from Restricted Stock", "Special Incentive Stock Ownership Premiums Value at Vesting", "Other Annual", and "Other One Time." Also, as provided in the 2011 GRC settlement, PG&E's recovery of Short-Term Incentive Plan awards was reduced by \$45 million (36%). Assuming that the 2011 GRC provided for recovery of Base Salary and two-thirds of the Short-Term Incentive Plan payments, the proportion of "Aggregate Compensation" included in the 2011 GRC amounted to approximately 60%. Please note the approximate 60% figure overstates recovery in that it reflects the assumption of what was included in GRC settlement. In view of the "black box" nature of the 2011 GRC settlement, PG&E cannot say what percentage of specific pay components were allowed, but it was less than what was requested.
