Passcode: t98HxX

Call-in: +13052241968

Workshop Objectives:

- A. Update parties on the current proceeding [scope](#), the Commission's aims, and next steps
- B. Share expert and party perspectives on the following question:

What are the operational needs necessary to efficiently operate a high DER grid, unlock economic opportunities for DERs to provide grid services, limit market power, reduce ratepayer costs, increase equity, support grid resiliency, and meet State policy objectives?

- C. Co-create a list of operational needs responsive to this question
- D. Lay the groundwork for the focus of our next workshop, "*What are the existing gaps and barriers in achieving the needs identified above within our current Distribution System Operator (Utilities)?*"
