

IRP Webinar on the Draft Updates to the Busbar Mapping Methodology

Energy Division staff will host a public Model Advisory Group (MAG) webinar to provide an overview of the busbar mapping process and its role in the Transmission Planning Process (TPP) and to help familiarize stakeholders with updates to the criteria and the criteria alignment thresholds in busbar mapping methodology on Tuesday, June 16, 2026, from 9am – 12pm (PDT). Slides will be posted online before the workshop at the [Assumptions for the 2027-2028 TPP](#) webpage.

Objectives of the webinar:

- Provide an overview of the busbar mapping process and its role in the TPP
- Familiarize stakeholders with the updates to the criteria and the criteria alignment thresholds.
- Give opportunity to stakeholders to ask questions and provide comments on the busbar mapping methodology and the proposed criteria.
- Request stakeholders' informal written feedback to be incorporated in the final updated methodology.

Agenda

- Introduction
- TPP and Busbar Mapping Background and Objectives
- Busbar Mapping Process and Criteria Overview
- Inputs & Assumptions Updates Impacting Busbar Mapping
- CEC Mapping Land Use Analysis
- Proposed Changes to Busbar Mapping Criteria
- Next Steps

Preparation

- During the webinar, there will be opportunities for stakeholders to ask clarifying questions. However, the comments and questions during this webinar will not be considered as submitted comments and Staff will not record them.
- Commissioners from the CPUC may be in attendance. The workshop has been noticed on the CPUC Daily Calendar.

Workshop Recording

- The workshop will be recorded, with the recording posted to the [Assumptions for the 2027-2028 TPP](#) webpage afterwards.
