Event number: 187 139 1529

Event password: RMWG8

### Phone (Listen Only)

United States Toll Free 1-855-282-6330

Access code: 187 139 1529

### Contact

- Jessica Tse, (415) 793-1956, [Jessica.Tse@cpuc.ca.gov](mailto:Jessica.Tse@cpuc.ca.gov)

*This workshop will be held via WebEx. **All workshop participants will be muted during the introduction and speaker presentations.** During the discussion, participants may use either the “raise your hand” WebEx button online or the Chat window to comment/ask questions. Call-in users may dial \*3 to raise their hand. Questions/comments will be addressed in the order received.*

---

### Background:

Rulemaking 19-09-009 facilitates the commercialization and deployment of microgrids while prioritizing system, public, and worker safety and avoiding shifting costs between ratepayers. On September 12, 2019, the Commission initiated this Rulemaking to design a framework surrounding the commercialization of microgrids associated with Senate Bill (SB) 1339 (Stern, 2018), as well as to account for the Commission’s commitment toward utilizing additional technologies and activities that may be useful for achieving overall resiliency goals.

As part of the rulemaking, the CPUC organized a working group to facilitate thoughtful and informed discussions to continue to support the goal of resiliency and the commercialization of microgrids. Specifically, the RMWG will further explore issues not previously addressed or under current consideration by the Commission. The topics may be subject to change and reprioritization as the discussions evolve over the course of the working group meetings.

## **Purpose of the Meeting:**

- Provide a high-level overview of foundational safety elements to help inform working group members as they are developing their multi-property, multi-customer tariff proposals.

## **Meeting Agenda:**

### **I. Introduction (CPUC Staff) 2:00 – 2:05**

- WebEx logistics, agenda review

### **II. Safety Considerations 2:05 – 3:55**

*\*There will time allocated for discussion after each sub-topic.*

- Introduction  
Presenter: Jeremy Donnell, PG&E
- Human Safety Consequences  
Presenter: Greg Walters, SDG&E
- Microgrid Operations  
Presenters: Thomas Verkaik, SCE and Roger Salas, SCE
- Engineering & Design  
Presenter: John Friskel, PG&E
- Physical & Cyber Security  
Presenter: Abraham Jose, PG&E
- System Protection  
Presenters: Chris Bolton, SDG&E and Mike Jensen, PG&E

### **III. Closing Remarks, Adjourn 3:57-4:00**

- Provide information on upcoming meetings
