- Patrick Saxton, (916) 894-5648, Patrick.Saxton@cpuc.ca.gov

*This workshop will be held via WebEx. **All workshop participants will be muted during the introduction and speaker presentations.** During the discussion, participants may use either the “raise your hand” WebEx button online or the Chat window to comment/ask questions. Call-in users may dial *3 to raise their hand. Questions/comments will be addressed in the order received.*

Background:

Rulemaking 19-09-009 facilitates the commercialization and deployment of microgrids while prioritizing system, public, and worker safety and avoiding shifting costs between ratepayers. On September 12, 2019, the Commission initiated this Rulemaking to design a framework surrounding the commercialization of microgrids associated with Senate Bill (SB) 1339 (Stern, 2018), as well as to account for the Commission’s commitment toward utilizing additional technologies and activities that may be useful for achieving overall resiliency goals.

As part of the rulemaking, the CPUC organized a working group to facilitate thoughtful and informed discussions to continue to support the goal of resiliency and the commercialization of microgrids. Specifically, the Resiliency and Microgrids Working Group (RMWG) will further explore issues not previously addressed or under current consideration by the Commission. The topics may be subject to change and reprioritization as the discussions evolve over the course of the working group meetings.

Purpose of the Meeting:

- Presentation by CPUC staff covering DC metering standards, the concept of selective de-energization within a microgrid boundary, and a recap of prior working group meeting topics on interconnection with proposed recommendations.

Meeting Agenda:

Introduction (<i>Patrick Saxton, CPUC</i>) WebEx logistics, agenda review	2:00p – 2:05p
DC Metering Standards (<i>Patrick Saxton, CPUC</i>) Presentation and Q&A	2:05p – 2:30p
Selective De-Energization within Microgrid Boundary (<i>Patrick Saxton, CPUC</i>) Presentation and Q&A	2:30p – 3:00p
Recap of Prior Meeting Topics and Proposed Recommendations (<i>Patrick Saxton, CPUC</i>) Presentation and Q&A	3:00p – 3:55p
Closing Remarks, Adjourn (<i>Patrick Saxton, CPUC</i>)	3:55p – 4:00p
