1. Fill out coversheet completely. Coversheet can be embedded as page 1 of the electronic compliance filing, or can be submitted as a separate document that is attached to the email that delivers the compliance filing.
2. If the coversheet is submitted as separate document, please name the coversheet file with the same document name used in your primary document (see Section A) + plus the word "cov" (for coversheet). For example, the name of the coversheet file will be something like: ***West Coast Gas Company Monthly Gas Report 201602 COV.docx***
3. If the document is confidential add CONF (for confidential). For example, the name of the coversheet file will be something like: ***West Coast Gas Company Monthly Gas Report 201602 CONF.docx*** and ***West Coast Gas Company Monthly Gas Report 201602 COV CONF.docx***
4. All documents are required to be submitted in an electronically *searchable* format.
5. Documents need to reference the reason for the mandate that ordered the filing in Section B or C. If you are unable to reference a proceeding or explain the origin of your filing, please contact Energy Division Central Files.
6. To find a proceeding number (if you only have a decision number), go to http://docs.cpuc.ca.gov/DecisionsSearchForm.aspx; enter the decision number, and the results shown include the proceeding number.

NOTE: It is Energy Division's preference to have document components combined into one PDF document with the top sheets being the cover sheet, the next an executive's letter (as applicable), and the compliance data as the third element.

Footnote 5 to the "Summary of 2024 Compensation" table on page 2: This footnote pertains to the "Change in Pension Value and Non-Qualified Deferred Compensation Earnings" column on page 2 (the "Page 2 Pension/NQDC Column"). The Page 2 Pension/NQDC Column uses the methodology described in the 2025 Proxy for column (g), "Change in Pension Value and Non-Qualified Deferred Compensation Earnings," of the Summary Compensation Table.

The "Pension" column in the following Footnote 5 table shows what portion of the amount in the Page 2 Pension/NQDC Column represents a change in the actuarial present value of the accumulated benefit under the qualified and non-qualified pension plans. The "NQDC Earnings" column shows what portion of the amount in the Page 2 Pension/NQDC Column represents above-market interest on Non-Qualified Deferred Compensation (NQDC) plan account balances. As noted below in the "NQDC Earnings" column, the Non-Qualified Deferred Compensation (NQDC) plan account balances experienced negative earnings in 2024. Negative amounts have not been included in the amounts shown in the "Total" column below, which is consistent with the methodology used in the 2024 Proxy for column (h), "Change in Pension Value and Non-Qualified Deferred Compensation Earnings," of the Summary Compensation Table.

[1] In accordance with Securities and Exchange Commission rules, decreases in pension values are not included in the amount reported in the proxy for column (g), "Change in Pension Value and Non-Qualified Deferred Compensation Earnings," of the Summary Compensation Table. For consistency, decreases in pension values are also not included in the amount reported in the Page 2 Pension/NQDC Column or the "Total" column on this page.

Footnote 6 to the "Summary of 2024 Compensation" table on page 2: The following Footnote 6 Table provides a breakdown of the amounts included in "All Other Compensation" on page 2 - "Plan Contributions" shows total company contributions for the Edison 401(k) Savings Plan. "Perquisites" shows formal perquisites taxed as compensation. Amounts that some may view as perquisites, but were solely business expenses paid through Accounts Payable are not shown; instead, they are included in the "Expenses" reported in Section 1 of this filing. "Employee Regular Benefits" pertains to broad-based employee benefits other than retirement and savings plans. "Additional Compensation" is described in footnote 10 below.

[7] EIX has a matching gift program that provides assistance to qualifying tax-exempt public charities and U.S. governmental subdivisions by matching dollar-for-dollar gifts by directors up to $10,000 per calendar year. Messrs. Pizarro and Powell participated in this program in their capacities as directors. EIX made matching gifts totaling $10,000 and $4,811, respectively, with respect to the gifts made by Messrs. Pizarro and Powell. The matching gifts were not taxable compensation to either Mr. Pizarro or Mr. Powell. In addition, the company incurred $48,213 and $46,063 in business expenses for residential security services in connection with a company-oriented security concern for Mr. Pizarro and Mr. Powell. Such security expenses are included in the "Expenses" reported in Section 1 a of this filing.

[8] Since active employees do not receive, and may never receive, post-retirement health benefits from the company, the amounts listed in the Employee Regular Benefits column do not include any costs for post-retirement health benefits. However, the company does accrue a liability based on actuarial assumptions as to expected future post-retirement health benefit costs for active employees. For 2024, the actuarially-determined average annual cost, per employee, of post-retirement health benefits was $0 (i.e., the company did not accrue a liability for 2024).

[10] In connection with their respective separations from service, (i) Messrs. [redacted] and [redacted] accrued or were paid amounts totaling $132,720, $93,038, $60,842, $16,995, $9,767, $67,893, $45,171, and $32,421, respectively, for their accrued and unused vacation, and (ii) Messrs. [redacted] and [redacted] accrued or were paid or are entitled to receive amounts totaling $532,191, $417,107, $666,241, $444,893 and $455,573 as cash severance. Messrs. [redacted] and [redacted] and Mses. [redacted] and [redacted] received payments totaling $57,000, $100,000, $100,00, $75,000, $50,000, $45,000, $30,000, $20,000, $600,000, $160,000, $78,000, and $13,500, respectively, that were paid pursuant to the terms of their employment or retention offers. [redacted] and Ms. [redacted] received relocation and/or mileage payments totaling $260,191, $46,510, $30,464, $297 and $73,330, respectively.

*The compensation listed in the "Compensation" column is the amount reported in Box 5 of Form W-2 Wage and Tax Statement filed by SCE for the individual for the reported Year.

**The expenses listed in the "Expenses" column in Sections 1.a, 4, 5, and 7 include employee expense reimbursements and expenses paid through Edison's corporate credit card. The expenses paid through Edison's corporate credit card may include (i) procurement or fleet related costs incurred on behalf of a department or organizational unit and (ii) personal costs that were subsequently reimbursed by the employee.

Proportion of Compensation Paid Directly or Indirectly by Utility Ratepayers

SOUTHERN CALIFORNIA EDISON COMPANY
PROPORTION OF COMPENSATION PAID DIRECTLY OR INDIRECTLY BY UTILITY CUSTOMERS
FOR THE YEAR ENDED DECEMBER 31, 2024

In Decision (D.) 21-08-036, the California Public Utilities Commission resolved Southern California Edison Company's (SCE's) 2021 General Rate Case ("2021 GRC"), authorizing SCE to have the following portion of 2021 forecast costs paid by customers: zero percent of the forecast costs for compensation to SCE Rule 3b-7 Officers;[1] nearly all of the forecast allocated costs for salary for executives who are not SCE Rule 3b-7 Officers and for non-executive SCE employees;[2] 50 percent of the forecast allocated costs for short-term incentives for SCE executives and shared officers who are not SCE Rule 3b-7 Officers or Allocated EIX Officers ("Other Executives") and for non-executive SCE employees; 50 percent of the forecast allocated costs for executive retirement plan ("ERP") benefits for Other Executives; and all of the forecast allocated costs for qualified pension plan, 401(k) savings plan, medical, dental, and vision programs, and broad-based disability and life insurance benefits for Other Executives and non-executive SCE employees. The 2021 GRC decision did not approve recovery of any costs for long-term incentives or non-qualified deferred compensation ("NQDC") earnings or company contributions.

With respect to the costs presented in Sections 1 and 1.a of this filing,[3] utility customers paid (directly or indirectly) less than 55 percent of the aggregate compensation in the "Total" column of the Summary of 2024 Compensation table and the "Total Expenses" column of the Summary of 2024 Expenses table, assuming the following application of the percentages adopted in the 2021 GRC decision for recovery from customers: (i) zero percent of the costs presented for SCE Rule 3b-7 Officers; (ii) up to 100 percent of the costs presented in the "Salary" column for Other Executives whose positions were included in the test year forecast for the 2021 GRC ("Covered Other Executives") and for non-executive SCE employees (collectively with Covered Other Executives, "Covered Employees")[4] and 30 percent of the "Salary" costs for Allocated EIX Officers; (iii) up to 50 percent of the costs presented in the "Bonus" column for Covered Employees and none of the "Bonus" costs for Allocated EIX Officers; (iv) none of the costs presented in the "Stock Awards" and "Option Awards" columns; (v) up to 50 percent of the ERP costs and 100 percent of the qualified pension plan costs for Covered Employees, none of the ERP or qualified pension plan costs for Allocated EIX Officers, and none of the NQDC costs included in the "Change in Pension Value and Non-Qualified Deferred Compensation Earnings" column; (vi) up to 100 percent of the costs presented in the "All Other Compensation" column for Covered Employees and none of such costs for Allocated EIX Officers; and (vii) up to 100 percent of the costs presented in the Summary of 2024 Expenses table for Covered Employees and 30 percent of such costs for Allocated EIX Officers.

---

[1] The 2021 GRC decision excludes from recovery via customer rates all compensation for executives and shared officers who are Rule 3b-7 officers of SCE. The SCE Board of Directors designates the Rule 3b-7 officers of SCE under the Securities Exchange Act ("SCE Rule 3b-7 Officers") on at least an annual basis. SCE's Senior Vice President of Human Resources is not an SCE Rule 3b-7 Officer, but SCE is voluntarily excluding her 2024 compensation from customer rates as if she were an SCE Rule 3b-7 Officer.

[2] SCE's forecast salary costs include allocated costs from Edison International ("EIX") for 30 percent of the forecast salaries of EIX's chief executive officer, chief financial officer, and general counsel (the "Allocated EIX Officers"). For 2024, Messrs. Pizarro and Umanoff and Ms. Rigatti were treated as Allocated EIX Officers.

[3] Respectively consisting of "EIX Named Executive Officers and SCE Officers and Employees, Base Salary of $250K+ Per Year, Summary of 2024 Compensation" (the "Summary of 2024 Compensation"), and "EIX Named Executive Officers and SCE Officers and Employees, Base Salary of $250K+ Per Year, Summary of 2024 Expenses" (the "Summary of 2024 Expenses").

[4] Some of the individuals listed in Section 1 as being SCE employees or executives on 12/31/24 were either employees or executives of both SCE and EIX for all or part of 2024 or were solely EIX employees or executives earlier in 2024. Generally, for these individuals a smaller proportion of costs was recoverable than for individuals who were not EIX employees or executives at any point in 2024.

Narrative Statement Describing Compensation Elements

SOUTHERN CALIFORNIA EDISON COMPANY
Narrative Statement Describing Compensation Elements
Pursuant to General Order No. 77-M
For the Year Ended December 31, 2024

The summary of 2024 compensation submitted as part of this filing and described herein as "EIX Named Executive Officers and SCE Officers and Employees, Base Salary of $250K+ Per Year, Summary of 2024 Compensation" (the "Summary") generally follows the presentation included in the Edison International ("EIX") 2025 Proxy Statement (the "Proxy"), which discloses the 2024 compensation of named executive officers of EIX, including the President and Chief Executive Officer of Southern California Edison Company ("SCE" and, together with EIX, the "Companies"). However, as the California Public Utilities Commission noted in its Decision (06-12-029) adopting General Order No. 77-M ("G.O. 77-M"), the regulatory purposes served by the report are not identical to those reflected in the Securities and Exchange Commission ("SEC") proxy rules governing executive compensation disclosure. A primary difference between the two is the fact that the rules governing G.O. 77-M call for the disclosure of "total compensation" (as specifically described) either (i) received in the past year or (ii) awarded in the past year but not yet received, while the proxy rules generally require more expansive disclosure including compensation accrued over prior periods. Nevertheless, the SEC proxy disclosure rules mandate fairly detailed descriptions of various executive compensation benefit plans, set forth in plain English, especially in the "Compensation Discussion and Analysis" ("CD&A") section. Accordingly, the narrative that follows makes extensive cross-references to the CD&A and related discussions contained in the Proxy.

Base Salaries

Base salaries are paid in cash. The Executive Compensation and Personnel Committees of the Boards of Directors for EIX and SCE (each the "Committee" and together, the "Committees") annually review and set base salaries for officers at and above the level of Senior Vice President ("Senior Officers"), while Company management annually reviews and sets base salaries for other executives and non-executive employees.[1] This annual process is currently completed each February.

For Senior Offices and other executives, the Companies generally target market median for comparable positions for each of the following elements of compensation: base salaries; target annual incentive awards; and target values for long-term incentive awards.[2] For more information regarding base salaries, please see pages 35-36 and 45-47 of the Proxy.

[1] The majority of the individuals whose compensation is included in the Summary are Senior Officers or executive employees (approximately 61% of the total). This narrative statement focuses on describing the compensation elements for Senior Officers and other executives. Additional information about non-executive compensation is set forth in the testimony for SCE's 2025 General Rate Case (A.23-05-010), particularly Exhibit SCE-06, Vol. 04.
[2] Although the Committees and management use market median as a guide, they exercise judgment in setting each executive's compensation levels and take into account the executive's individual performance, future potential, experience, internal equity, retention implications, or other factors they consider relevant under the circumstances.

Annual Incentives

Toward the start of each year, the Committees establish corporate performance goals for the year and the Committees and Company management set target annual incentive awards for Senior Officers and other executives, respectively, in accordance with the terms of the EIX Executive Incentive Compensation Plan (the "EICP").[3] The annual incentive award target value for each executive is set as a percentage of base salary.

The 2024 corporate performance goals established under the EICP reflected key objectives for the year in the following goal categories: Foundational Goals; Safety and Resiliency; and Performance Management and Operational Excellence. For each goal category, the Committees assigned a target score equal to the relative weight given that goal category and a potential score range. As they have done in prior years, the Committees retained discretion to reduce 2024 annual incentive awards for all or some participants if one or more Foundational Goals were not met.

In February 2025, the Committees determined the score achieved for each 2024 goal category, based on the extent to which the goals were unmet, met or exceeded. This determines the initial *corporate* performance factor, but the Committees have discretion to increase or decrease that factor for all executives or subsets of those executives. The Committees also have discretion to determine the *individual* performance factors for Senior Officers, while Company management has discretion to determine the *individual* performance factors for other executives.

The 2024 EICP award for each executive was determined by multiplying (i) the target value set for that executive, by (ii) the final corporate performance factor for that executive and (iii) that executive's individual performance factor for the year.

For more information regarding 2024 EICP awards, including additional information regarding performance metrics and criteria, please see pages 35-41 and 45-47 of the Proxy.

Long-Term Incentives

For the long-term incentives granted in 2024, each executive's award value was in the form of 50% performance shares, 25% EIX non-qualified stock options, and 25% restricted stock units. The performance shares and restricted stock units provide for reinvested dividend equivalents, while the stock options contain no dividend equivalent rights. Long-term incentive award values were set as a percentage of base salary.

Performance Shares

Each contingent performance share awarded in 2024 is a contractual right to receive one share of EIX common stock, subject to the performance vesting requirements described below and a continued service vesting requirement (employment with the Companies until December 31, 2026 is required to receive a payout, unless employment terminates for certain reasons as

[3] Exempt non-executive employees participate in the Short-Term Incentive Plan ("STIP") instead of the EICP. The same corporate performance goals are used for the STIP as are used for the EICP.

described in the Proxy). Half of each executive's 2024 contingent performance share award is subject to a performance measure based on relative total shareholder return ("TSR") over a three-calendar-year period compared to the other companies in the PHLX Utility Sector Index. No TSR performance shares will be paid if the TSR is below the 25th percentile, 25% of the target number of shares will be paid if the TSR is at the 25th percentile, and the target number of shares will be paid if the TSR is at the 50th percentile. Shares earned can be a multiple of two times the number of TSR performance shares granted if the TSR is at or above the 75th percentile of the comparison group. The number of shares paid will be interpolated on a straight-line basis for TSR rankings between the 25th and 50th or between the 50th and 75th percentiles.

The other half of each executive's 2024 contingent performance share award is subject to a performance measure based on EIX's three-year average annual core earnings per share measured against target levels. The performance multiplier for each calendar year in the performance period is based on EIX's actual core earnings per share ("EPS") performance as a percentage of the EPS target for that year ("EPS Percentage"), as follows: the performance multiplier is zero if the EPS Percentage is below 80%, 0.25 if the EPS Percentage is 80%, 1.00 if the EPS Percentage is 100%, and 2.0 if the EPS Percentage is at or above 120%. If EIX's EPS Percentage is between 80% and 100% or between 100% and 120%, the EPS performance multiple will be interpolated on a straight-line basis. The EPS performance multipliers achieved for each calendar year in the three-year performance period will be averaged, and the resulting average will determine the EPS performance share payout as a multiple of target.

For additional information regarding performance shares, please see pages 35, 42-44, and 63 of the Proxy.

Non-Qualified Stock Options

Each stock option granted by EIX in 2024 may be exercised to purchase one share of EIX common stock at an exercise price equal to the closing price of a share of EIX common stock on the applicable grant date. The 2024 stock options vest one-third per year over a three-year period, subject to continued employment (unless employment terminates for certain reasons as described in the Proxy).

For additional information regarding non-qualified stock options, please see pages 35, 44, and 63 of the Proxy.

Restricted Stock Units[4]

Each restricted stock unit awarded in 2024 is a contractual right to receive one share of EIX common stock if continued service vesting requirements are satisfied. If the executive remains employed, restricted stock units vest and become payable at the end of a three-year period ending on January 4, 2027. If an executive's employment terminates before January 4, 2027, all of the restricted stock units awarded generally will terminate for no value, unless employment terminates for certain reasons as described in the Proxy.

[4] Other than four employees, all of the non-executive employees included in the Summary were granted restricted stock units in 2024. None of them were granted performance shares or non-qualified stock options.

For additional information regarding restricted stock units, please see pages 35, 44, and 63 of the Proxy.

Pensions and Other Retirement Plans

The Companies maintain two primary defined-benefit pension plans covering executives: the SCE Retirement Plan and the Executive Retirement Plan (the "ERP").[5] The SCE Retirement Plan is the Companies' tax-qualified defined-benefit employee retirement plan in which the Companies' executives participate generally on the same terms as other eligible employees. The ERP is an unfunded defined benefit plan designed in accordance with applicable law to allow executives to receive benefits that would be paid under the SCE Retirement Plan or the Edison 401(k) Savings Plan but for limitations under the Internal Revenue Code, and certain additional benefits.

SCE Retirement Plan

The SCE Retirement Plan is a non-contributory defined-benefit plan. The plan was a final average pay plan with a Social Security offset and a sick pay benefit until April 1, 1999 (the "Prior Formula"), when for most participants a transition to cash balance features was adopted. Employees hired on or after December 31, 2017 are not eligible to participate in the SCE Retirement Plan.

Under the cash balance approach, eligible employees have cash balance accounts that grow through the following credits made to such accounts: pay credits; interest credits; and an additional $150 monthly credit. Employees who were at least 50 years of age or had 60 "points" (i.e., calculation of age plus service) as of the date the cash balance feature was implemented are eligible for "grandfathering." "Grandfathered" employees receive the greater of the benefit calculated under the Prior Formula or the value of the cash balance feature. Full vesting occurs after three years of service, upon attainment of age 65, or upon death while employed.

For additional information on the SCE Retirement Plan, please see page 58 of the Proxy.

Executive Retirement Plan

Executives whose participation in the ERP started on or after January 1, 2018 have a benefit based on the total credits in their Executive Retirement Account, which is similar to a cash balance type of benefit. Executives who participated in the ERP prior to January 1, 2018 accrue Executive Retirement Account benefits and also accrue final average pay benefits under a formula similar to the Prior Formula in the SCE Retirement Plan. The final average pay formula under the ERP includes a reduced rate of accrual for 2018 and later years. Vesting occurs after five years of service, upon death while employed, or in connection with the executive severance plan.

For additional information regarding the ERP, please see pages 58-60 of the Proxy.

[5] Non-executive employees do not participate in the ERP.

Non-Qualified Deferred Compensation

The EIX Executive Deferred Compensation Plan (the "EDCP") permits covered executives to elect to receive a portion of their compensation on a deferred basis.[6] Each executive may elect to defer up to 75% of base salary and up to 85% of any annual incentive award earned.

For additional information regarding the EDCP, please see page 61 of the Proxy.

All Other Compensation

Included in the Summary is a column entitled "All Other Compensation" that is similar to, but not the same as, the column entitled "All Other Compensation" in the Summary Compensation Table of the Proxy. Both the Summary in this G.O. 77-M report and the Proxy's Summary Compensation Table include the Company contributions under the Edison 401(k) Savings Plan, payouts of accrued and unused vacation upon separation from service (if any), cash severance benefits (if any), executive survivor benefits (if any), taxable perquisites (if any), executive disability benefits (if any), and certain additional compensation. A key difference between the Summary in this G.O. 77-M report and the Proxy's Summary Compensation Table is that the former also includes amounts for employee regular benefits, while the latter does not.

For additional information regarding All Other Compensation as disclosed in the Proxy, please see pages 49-50, 53 and 61-63 of the Proxy.

Employee Regular Benefits

The SEC's proxy rules, for the most part, do not require discussion of most broad-based employee benefit plans such as those providing medical, life insurance or disability coverage. On the other hand, broad-based pension benefits such as the SCE Retirement Plan and, to a lesser extent, the Edison 401(k) Savings Plan are included in the Proxy discussion, both directly and for the purpose of describing certain related executive compensation benefits. The following provides a general overview of broad-based benefit plans included within the scope of total compensation for purposes of this G.O. 77-M report.

Flexible Benefits Program. The Companies' flexible benefits program allows participants to choose the type and level of benefits that best meet the needs of the participant and their family. Flex options offered to most employees include medical, dental, vision, long-term disability (at 50%, 60% or 70% of salary), life insurance and accident insurance (including amounts provided by the Companies and also supplemental insurance purchased by employees), health care and dependent care reimbursement accounts, and vacation buying. Each option has a price tag reflecting the cost of coverage. In general, the higher the level of benefit chosen, the higher the price tag. The Companies provide "flex dollars" that reflect the Companies' contributions toward the cost of coverage. Any flex dollars remaining after allocation toward selected benefit options are received in full-time employees' paychecks throughout the year as additional taxable income. If a participant's benefit price tags exceed the participant's flex dollars, the participant

[6] Non-executive employees do not participate in the EDCP.

pays the additional cost for most benefit options through pre-tax payroll contributions as permitted under Section 125 of the Internal Revenue Code.

Post-Retirement Health Benefits: Employees hired prior to December 31, 2017 who retire at or after age 55 with at least 10 years of service or meet other specified retirement requirements may be eligible for post-retirement health care benefits, with a company contribution toward the cost of these benefits in retirement that depends on a number of factors, including the employee's years of service, age, hire date, and retirement date. Employees hired on or after December 31, 2017 are not eligible for post-retirement health care. Instead, they are eligible for a $200 per month Company contribution to a health reimbursement account that they may use to pay for benefit coverage or eligible expenses if they retire at or after age 55 with at least 10 years of service or meet other specified retirement requirements.

Edison 401(k) Savings Plan. The Edison 401(k) Savings Plan is a tax-qualified defined-contribution plan with a 401(k) feature, in which qualifying full-time and part-time employees of EIX and SCE are eligible to participate. Subject to limits set by the Internal Revenue Service, all participants may defer up to 84% of eligible pay. The Companies match participant contributions of up to 6% of a participant's eligible pay. In addition, non-represented participants hired on or after December 31, 2017 but before July 1, 2024 receive fixed profit sharing contributions of 6% of their eligible pay. Non-represented participants hired on or after July 1, 2024 receive fixed profit sharing contributions ranging from 4% - 6% of their eligible pay, with the percentage determined based on their age and service points. Participants' contributions are immediately vested, as are earnings on such amounts. The Companies' matching and fixed profit sharing contributions, plus earnings thereon, vest at a rate of 20% per year. All existing and future Company contributions are fully vested after five years of service, upon attainment of age 65, upon becoming permanently and totally disabled, or upon death while employed.

Other Employee Benefits. The Companies provide short-term and long-term disability benefits, a preventive health account program under which employees and their eligible family members could receive reimbursement of up to $400 for costs incurred in 2024 for approved activities designed to improve health that are not covered by their medical plans, an employee assistance program providing short-term counseling and various referral services, an insurance claims assistance benefit, and voluntary benefits through which most employees are eligible to obtain coverage for certain legal services, identity theft services, and pet insurance at discounted group rates.
