Amounts also include company contributions to charitable, educational and other non-profit organizations to match personal contributions on a dollar-for-dollar basis up to an annual maximum match or as a double-match under the special double-match program of the Sempra Foundation, which foundation is funded by Sempra and which double-match program was available to all employees.

The table above provides a breakdown of the amounts included in All Other Compensation. The amounts reported above are the amounts reported in the Sempra proxy statement and the SoCalGas information statements plus amounts related to regular employee benefits (medical, dental, vision, life, etc).

San Diego Gas & Electric Company
Narrative Statement Describing Compensation Elements
For the Year Ended December 31, 2023

This narrative statement and the amounts reported herein generally follow the presentation included in the Sempra proxy statement and Southern California Gas Company information statement prepared for their annual meetings of shareholders held on May 9, 2024 and May 30, 2024 respectively.

1. Base Salaries

The San Diego Gas and Electric Company (SDG&E or the company) executive compensation program emphasizes performance-based pay. This includes annual cash bonuses and long-term equity-based incentives. However, base salaries remain a common and necessary element of compensation for attracting and retaining outstanding employees at all levels.

Base salaries for officers are reviewed annually and the following factors, among others, are considered:

- Market salary data from multiple surveys
- Individual contribution and performance
- Labor market conditions
- Complexity of roles and responsibilities
- Succession planning
- Retention needs
- Reporting relationships
- Internal pay equity
- Experience

Base salaries also may be reviewed and adjusted during the year (between annual reviews) for various reasons, including promotions or other job title changes, modifications to reporting relationships or job functions, or changes to any of the other factors described above or other circumstances considered relevant.

2. Performance-Based Annual Bonuses

Each year the SDG&E Board of Directors establishes performance measures and dollar guidelines for performance-based cash bonus payments under the SDG&E Executive Incentive Compensation Plan. The safety measures and measures related to safety management systems are also reviewed by the board's Safety Committee. Consistent with our pay-for-performance philosophy, the performance measures do not provide for any bonus payment unless the company meets the threshold (minimum) performance level for the year. Bonus opportunities increase from 14% of target for performance at the threshold level to 200% of target for performance at the maximum level. Individual bonus opportunities and performance measures are similar to those discussed on pages 59-63 and 115-118 of the Sempra proxy statement and pages 14-17 of the SoCalGas information statement. 2023 financial and operating performance results achieved under the annual bonus plan for SDG&E officers were 176.62% of target performance.

Potential bonuses at threshold, target and maximum company performance are expressed as a percentage of each officer's base salary. Extraordinary company or individual performance may result in the payment of bonuses above the guidelines.

3. Long-Term Equity-Based Incentives

Long-term equity-based incentives are a large component of each officer's target total direct compensation package. In 2023, the long-term incentive plan award was in the form of performance-based and time-based Sempra restricted stock units. This equity award structure was approved after considering many variables, including alignment with shareholder interests, retention, plan expense, share usage, market trends and feedback from Sempra's shareholder engagement.

Performance-based restricted stock units:

Each annual performance-based restricted stock unit granted in 2023 represents the right to receive between zero and 2.0 shares of Sempra common stock. The 2023 annual performance-based

restricted stock unit awards are based on two performance measures – relative total shareholder return and earnings per share growth.

Time-based restricted stock units:

Time-based restricted stock units granted in 2023 vest in equal installments of one-third over a 3-year period, subject to continued employment through each vesting date. The primary purpose of these awards is to promote retention.

For a detailed description of the 2023 awards and the results for the 2021-2023 award cycle, please refer to pages 63-67 of the Sempra proxy statement and pages 17-20 of the SoCalGas information statement.

Benefit Plans

Officers also participate in other benefit programs including: 1) Health, Life Insurance and Disability Plans, and Other Benefits; 2) Retirement Plans; and 3) Savings and Deferred Compensation Plans. These benefits are described on pages 68-70 of the Sempra proxy statement and pages 20-23 of the SoCalGas Information Statement.

Regular Employee Benefits

The SEC's proxy rules, for the most part, do not require reporting of broad-based employee benefit plans such as those providing medical, dental, life or disability coverage. However, amounts related to broad-based pension benefits and the 401(k) savings plan are discussed in the Compensation Discussion and Analysis and reported in the executive compensation tables.

The companies' flexible benefits plan allows employees to select the types and levels of benefits that best meet their needs and those of their families. Benefit options include:

- Medical plans (choice of HMO's and a high-deductible health plan)
- Dental plans (choice of Delta Dental plan and dental HMO)
- Long-term disability coverage
- Life insurance
- Accident insurance
- Healthcare, dependent day care and transportation flexible spending accounts

Each benefit option has a price tag reflecting the employee's cost for coverage. The amounts shown in the All Other Compensation table in this report reflect the portion of the benefit costs paid by the company.

In addition to the flexible benefit plan, the company also provides short-term counseling and referral services under the employee assistance plans and various wellness programs.

SAN DIEGO GAS & ELECTRIC COMPANY PROPORTION OF COMPENSATION PAID DIRECTLY OR INDIRECTLY BY UTILITY CUSTOMERS FOR THE YEAR ENDED DECEMBER 31, 2023

In Decision (D.) 19-09-051, modified by D.20-07-038 (Rehearing Decision), the California Public Utilities Commission resolved San Diego Gas & Electric Company's (SDG&E's) 2019 General Rate Case ("2019 GRC"), authorizing SDG&E to recover the portion of 2023 forecast costs to be paid by customers as set forth below.

- **Executive Officers:** no compensation and benefits costs for "executive officers" as defined in Resolution E-4963 ("Executive Officers");
- **Base Salaries:** all of the forecast costs for salaries for employees of SDG&E who are not Executive Officers;
- **Spot Cash and Employee Recognition ("Bonus" column in schedule):** 85% for SDG&E of the forecast costs for spot cash and employee recognition, collectively;
- **ICP/Variable Pay (Non-Equity Incentive Plan Compensation column in schedule):**
 - None of the forecast costs for Executive ICP (covering both Executive Officers and other officers);
 - 79% for SDG&E of the forecast costs for Non-Executive ICP;
- **Long-Term Incentive Plan, or LTIP ("Stock Awards and Option Awards" columns in schedule):** None of the forecast costs for LTIP;
- **Pension:**
 - all of the forecast costs for qualified pension for employees who are not Executive Officers;
 - 50% of the forecast costs for nonqualified pension and nonqualified savings plan for employees who are not Executive Officers;
- **All Other Compensation:**
 - all of the forecast costs for the qualified 401(k) retirement savings plan for employees who are not Executive Officers;
 - none of the costs for certain other executive benefits, such as financial planning, which were not requested in the 2019 GRC; and
 - all of the forecast costs for health and welfare benefits for employees who are not Executive Officers.

A portion of the forecast compensation and benefit cost for executive officers of Sempra are allocated to SDG&E (excluding the Chairman and CEO of Sempra and Group President of Sempra whose costs are not allocated). The 2019 GRC provided funding for the forecast costs for allocations of salary and benefit costs but did not provide funding for cost allocations related to ICP and LTIP for executive officers of Sempra.
