Gill Ranch Storage	Report Year: 2025	GO 156 Section 9.1.1
Description of Supplier Diversity Program Activities During the Previous Calendar Year		

Internal Program Activities

Gill Ranch Storage, LLC's ("GRS") Supplier Diversity program is administered by the Plant Superintendent. The Plant Superintendent reports directly to the Chief Operating Officer ("COO") of eCorp International, LLC, the parent company of GRS. During Calendar Year 2025, GRS met the reporting threshold for revenues that required compliance with GO 156. GRS analyzed its spending by looking at current vendors, and running those vendors through the Diverse Supplier Clearinghouse to determine which current vendors fell into one of the diverse business groups. This information is what is being reported for Calendar Year 2025. The Plant Superintendent and COO are the main personnel that oversee and approve spending, and will be taking the information developed through this reporting process to further improve the GRS Supplier Diversity Program in the coming years. GRS is fully committed to the development and adherence of the GO 156 Supplier Diversity Program goals.

Description of Supplier Diversity Activities and Progress in Fuel Procurement		

For gasoline and diesel, Gill Ranch Storage, LLC ("GRS") currently buys product from Silvas Oil Co. Inc. Procurement of gasoline/diesel is the only viable area in which GRS could possibly look for a diverse supplier. As part of its continuing improvement process, GRS will attempt to identify any diverse suppliers that it might be able to use for its gasoline/diesel supply needs.

Gill Ranch Storage	Report Year: 2025	GO 156 Section 10.1.2
Description of Supplier Diversity Program Activities Planned for the Next Calendar Year		

Gill Ranch Storage, LLC ("GRS") operates a single gas storage facility in Central California, located in Madera and Fresno counties. Through our contractor management systems in use, we believe that many of our contractors may fall into one of these diverse supplier groups, but have not applied for certification in the Diverse Supplier Clearinghouse ("Clearinghouse"). One of our main goals for this year will be to reach out and inform those contractors of the Clearinghouse and attempt to have them become certified, so that we can receive credit for using those suppliers. In addition to informing its current suppliers, GRS will continue to network and look for opportunities to use new diverse business enterprises.

In the area of capacity building, GRS, as a small utility only has so much leverage to be able to affect change in this area. The specialized nature of some of the equipment as well as the processes unique to gas storage make it difficult in some instances to be able to spread out the supplier base. When undertaking large development/capital projects at Gill Ranch Storage, it typically necessitates the use of high capacity equipment, and unique technical skills/contractor labor. Goods and services that aren't readily available from diverse companies. The proprietary nature of our business limits GRS's ability to be more aggressive in this area.

Gill Ranch Storage	Report Year: 2025	GO 156 Section 10.1.3
Plans for Recruiting Diverse Suppliers in Low Utilization Categories		

Gill Ranch Storage, LLC ("GRS") will continue to monitor expenditures in the categories where utilization of diverse suppliers has been historically low. GRS will continue to assess accounting reports in order to identify the magnitude of expenditures in these areas and determine if our efforts may have a tangible impact. In addition, periodic review of the Diverse Supplier Clearinghouse website, and possibly attendance at future outreach events, will be undertaken in an effort to identify diverse businesses that could potentially provide a product/service at Gill Ranch Storage. Although we hope to take advantage of opportunities in low utilization areas, it is GRS's intent to focus its supplier diversity efforts where it can maximize expenditures with verified suppliers (regardless of category) to help increase overall spend percentage.

Gill Ranch Storage	Report Year: 2025	GO 156 Section 10.1.4
Plans for Recruiting Diverse Suppliers Where Unavailable		

Recruiting diverse suppliers is a challenge for Gill Ranch Storage, LLC ("GRS") due to Central California location of its operations, the nature of its business, and the limited number of diverse suppliers offering the products and services needed to support GRS's needs. However, GRS will keep this initiative in mind when seeking suppliers/contractors, and make best efforts to recruit diverse businesses in areas that previously have not been available. GRS will also take the opportunity, when available, to communicate to the supplier and contractor community its desire to utilize diverse companies to meet its needs.

Gill Ranch Storage	Report Year: 2025	GO 156 Section 10.1.5
Plans for Encouraging Prime Contractors to Subcontract with Diverse Suppliers		

Gill Ranch Storage, LLC ("GRS") will supply prime contractors with information regarding the Supplier Clearinghouse. GRS will also encourage its prime suppliers and contractors to subcontract with diverse businesses. Ultimately, each contractor decides which subcontractors, if any, to engage to best meet its needs. But, at a minimum, they will be aware of the GO 156 initiative to utilize diverse products and services. The GRS program administrator will assist plant personnel that have procurement authority to encourage prime contractors to include verified minority suppliers.

Gill Ranch Storage	Report Year: 2025	GO 156 Section 10.1.6
Plans for Complying with Supplier Diversity Program Guidelines		

Gill Ranch Storage, LLC's ("GRS") senior management have been introduced to the GO 156 initiative, and are fully committed to supporting the company's Supplier Diversity Program. GRS will strive to comply with the provisions and requirements of GO 156 and will work with the CPUC in the ongoing implementation of the program's goals and objectives.
