<b>A description of WMDVBE program activities engaged in during the previous calendar year.</b>		

**Internal Program Activities**

---

Wild Goose's Supplier Diversity program is administered jointly by the Manager, U.S. E&O and Technical Assistant, E&O. Head office in Calgary eliminated the Procurement Coordinator position in early 2014. The facility has been fully committed to the development and adherence to the goals of the Supplier Diversity Program. The Technical Assistant has reviewed the clearinghouse information in regards to utilization of minority spend.

**External Program Activities**

WILD GOOSE STORAGE, LLC	2014	G.O. #156 Sec. 9.1.1
A description of WMDVBE Capacity Building		

**Internal Program Activities**

---

In the area of Capacity Building, Wild Goose, as a small utility has only so much leverage to be able to affect change in this area. The specialized nature of some of the equipment as well as the processes unique to Gas Storage make it difficult in some instances to be able to spread out the supplier base. The size and frequency of Wild Goose's expansion and development plans dictate that we are not able to fully enrich a wide amount of vendors with this capacity building. The proprietary nature of our business can somewhat limit our ability to be more aggressive in this area. 2014 has had no significant capital projects and as such our major purchases are far below previous years levels so our leveraging abilities are further compromised.

<b>A description of WMDVBE Mentoring</b>		

---

**Internal Program Activities**

---

Wild Goose runs the Supplier Diversity Program jointly between the Calgary Head office and the facility. The ability for Wild Goose to expand its mandate in this area requires both local and head office support. We have been focusing our resources upon doing what we can to expand the supplier base in the Wild Goose area as well as increasing business ties with the small and relatively non-diverse business community. We are aware that this is a worthy goal and will strive to make some progress in this area with the resources that we have at our disposal.

<b>A description of any efforts made to recruit WMDVBE suppliers of products or services in procurement categories where WMDVBE utilization has been low, such as legal and financial services, fuel procurement, and areas that are considered highly technical in nature.</b>		

Wild Goose recognizes the fact that there are a number of procurement categories where utilization of Supplier Diversity vendors has been historically low. As Wild Goose's program implementation progresses, we will continue use our best efforts to identify vendors in these low-use areas and include them in our procurement efforts. Although total spend is low, this past year we increased the number of WMDVBE suppliers.

<b>A description of WMDVBE program planned for the next calendar year.</b>		

**Internal program activities**

---

Wild Goose has only one operating facility in California; the main storage site in Butte County. Procurement activities are extremely limited here. As the needs of the facility move back to operating as opposed to expansion in 2014, the required nature of goods will also change and the type and amount of goods being purchased will change significantly. This does not justify employing a full-time procurement specialist as much of the day-to-day purchases have been assigned to operations personnel. The Manager, Engineering US and Technical Assistant, in conjunction with the Plant Production Coordinator will continue to work on due diligence as far as making the local supply network aware of various materials and service opportunities.

**External program activities**

---

Wild Goose will acquire and continue its membership in Supplier Diversity trade associations in the Sacramento Valley area, such as the Sacramento Regional Business Partnership and the Sacramento Hispanic, Asian and Black Chambers of Commerce. The Wild Goose facility will continue to strive to support programs of diversity.

<b>Plans for recruiting WMDVBE suppliers of products or services where WMDVBE utilization has been low, such as legal and financial services, fuel procurement, and areas that are considered highly technical in nature.</b>		

Wild Goose will monitor expenditures in these subject categories where utilization of diverse suppliers' has been historically low. We will monitor accounting reports in order to identify the magnitude of expenditures in these areas and determine if our efforts may have a tangible impact. Although we hope to take advantage of opportunities in these areas, it is our intent to focus our supplier diversity efforts where we can maximize our expenditures with verified suppliers regardless of category.

<b>Plans for encouraging both prime contractors and grantees to engage WMDVBES in subcontracts in all categories which provide subcontracting opportunities.</b>		

Wild Goose has supplied prime contractors with pamphlets provided by Supplier Clearinghouse and with a copy of GO156. Wild Goose will encourage its prime suppliers and contractors to contact the Office of Small and Minority Business for a list of certified Disabled Veterans not currently verified by the Clearinghouse. The program administrator will continue to assist plant personnel that have procurement authority to encourage prime contractors to include verified minority suppliers.
