Verizon's supplier diversity program is key to our brand, reputation and growing the bottom line. It's a business imperative because we know having suppliers from a variety of backgrounds affords us diversity of thoughts, ideas and values that helps drive our business forward. Diverse suppliers provide agility, innovation and competitive solutions which allows us to provide our customers with new and exciting technologies and platforms.

Verizon consolidated its supplier diversity organization, at the corporate level for increased efficiency and service. The detailed reporting required by GO 156 Section 9 submitted by Verizon Wireless represents that consolidated initiative; therefore documentation in Verizon Wireless' report addresses the accomplishments of 2015 and the Annual Plan for 2016 for Verizon Business Services and will not be repeated here.
