Executive Summary

The following report is the California Public Utilities Commission's (CPUC) 39th Annual Supplier Diversity Program Report to the Legislature, as required by Public Utilities Code Section 910.3. It presents the 2024 supplier diversity performance of investor-owned utilities (utilities), community choice aggregators (CCAs), and energy service providers (ESPs) in procuring goods, services, fuel, and power from diverse business enterprises, including women-owned (WBE), minority-owned (MBE), disabled veteran-owned (DVBE), lesbian, gay, bi-sexual, transgender-owned (LGBTBE), and persons with disabilities-owned business enterprises (PDBE).

Utilities Supplier Diversity Performance

In 2024, utilities' spend¹ with diverse suppliers increased by 1.6 percent, from \$12.9 billion in 2023 to **\$13.1 billion**. The percentage of total procurement from diverse suppliers also increased, from 28.8 percent in 2023 to **30.1 percent** in 2024. The utilities exceeded the CPUC's General Order (GO) 156 overall goal of 23 percent.

Utilities met or exceeded the GO 156 goals for MBEs, WBEs, and DVBEs:

- **MBEs:** 18.3 percent (goal: 15 percent)
- **WBEs:** 9.2 percent (goal: 5 percent)
- **DVBEs:** 2.3 percent (goal: 1.5 percent)

However, utilities fell short of the 1.5 percent goal for **LGBTBEs**, achieving 0.13 percent. Procurement from **PDBEs** reached 0.22 percent.

Subcontracting procurement from diverse suppliers decreased by 3.3 percent, from \$3.0 billion in 2023 to \$2.9 billion in 2024. However, as a percentage of total procurement, subcontracting diverse spend increased from 6.7 percent to 6.8 percent.

Supplier diversity performance varied among utilities:

- **Highest performers:** Suburban Water Systems (61.4 percent), Southwest Gas (55.1 percent), California American Water (48.6 percent), SoCalGas (44.5 percent), and SDG&E (44.5 percent).
- **Did not meet the 23 percent GO 156 goal:** Liberty/Cal Peco (22.1 percent), AT&T (20.9 percent), Park and Apple Water (20.5 percent), Verizon (17.2 percent), Cox Communications (14.3 percent), Charter Communications (13.7 percent), Comcast (11.5 percent), Wild Goose Storage (11.5

¹ "Spend" refers to the dollars a utility, CCA, or ESP spent in a particular category of procurement or with a supplier.

percent), Lodi Storage (7.9 percent), Lumen (7.7 percent), Trans Bay Cable (6.6 percent), Great Oaks Electric (6.0 percent), PacifiCorp (4.3 percent), TelePacific (3.9 percent).

- **Five communications companies increased diverse percentage spend compared to 2023:** AT&T, Comcast, Frontier (33.2 percent), T-Mobile (26.7 percent), and Verizon.

CCAs Supplier Diversity Performance

The total diverse procurement for goods and services (excluding power purchases) for CCAs was \$6.6 million (2.4 percent). Two CCAs reported diverse supplier spend in power procurement, totaling \$3.1 million (0.01 percent). No diverse subcontracting spend was reported by CCAs.

Top-performing CCAs in goods and services diverse spend:

- Pioneer Community Energy: 9.8 percent
- Orange County Power Authority: 6.5 percent
- San Diego Community Power: 6.2 percent

Diverse power procurement was reported by:

- Peninsula Clean Energy Authority: 0.13 percent
- MCE: 10.4 percent

ESPs Supplier Diversity Performance

Ten **ESPs** submitted annual reports in 2024. Procurement from diverse suppliers was as follows:

- 3 Phases Renewables (6.9 percent), Cal Pine Energy Services (2.1 percent), and Constellation Energy Corporation (6.5 percent) reported diverse procurement of goods and services.
- 3 Phases Renewables reported diverse power spend of \$172,625.

The CPUC applauds the efforts made in diverse supplier procurement and the progress achieved in fostering an inclusive marketplace. The CPUC is fully invested in its Supplier Diversity Program and will continue to develop solutions-based guidance for a robust California economy as envisioned by GO 156.

Background

In 1986, the California Legislature passed Assembly Bill (AB) 3678 (Moore, Chapter 1259, Statutes of 1986) to encourage awarding a fair proportion of total utility contracts to WBEs and MBEs. Subsequently, the CPUC issued GO 156 to implement the bill by establishing the CPUC Supplier Diversity Program framework and guidelines.

In Decision D.92-06-030 (1992) and D.15-06-007 (2015), the CPUC amended GO 156 to add DVBES and LGBTBEs respectively, into the program. In October 2019, Senate Bill (SB) 255 (Bradford, Chapter 407, Statutes of 2019) amended the Supplier Diversity Program to add new participants and changed the participation threshold requirements.

Effective January 2020, SB 255 requires electrical, gas, water, telephone corporations, wireless telecommunications, and ESPs with more than \$25 million annual California revenues to submit annually to the CPUC a plan for increased procurement from WBEs, MBEs, DVBES, and LGBTBEs (diverse suppliers) and an implementation report. Those with annual California revenues exceeding \$15 million, but less \$25 million, are also expected to annually submit to the CPUC data on their utilization of diverse suppliers.² In addition, cable television corporations, direct broadcast satellite providers, exempt wholesale generators, distributed energy resource contractors, and energy storage system companies are encouraged to voluntarily adopt a plan for increasing diverse supplier procurement.³

Furthermore, SB 255 requires each CCA⁴ with annual revenues exceeding \$15 million to annually submit to the CPUC a plan for increasing procurement from small, local, and diverse suppliers as well as a report showing its procurement from diverse suppliers.⁵ CCAs below the \$15 million threshold are encouraged to voluntarily adopt a plan for increasing procurement from small, local, and diverse suppliers.

CPUC headquarters, San Francisco.

² PU Code Section 8283 (f).

³ PU Code Section 8283 (e) (2).

⁴ Community Choice Aggregators are governmental entities formed by cities and counties to serve the energy requirements of their residents and businesses (PU Code Section 366.2).

⁵ PU Code Section 366.2 (m).

In 2021, the CPUC opened Rulemaking (R.) 21-03-010 to incorporate SB 255's revisions into GO 156; to adopt a voluntary procurement goal for LGBTBE as directed in D.15-06-007; and for the consideration of other issues such as expanding the Supplier Diversity Program to include businesses owned and controlled by persons with disabilities and adding reporting requirements on workforce and board diversity.⁶

In April 2022, the CPUC issued D.22-04-035, revising GO 156 to add SB 255 amendments and requirements; to set a voluntary procurement goal for LGBTBE; to add a new group of business enterprise: Persons with Disabilities Business Enterprise; to adopt workforce and board diversity reporting; and to make other program revisions.⁷

SB 1177, effective September 2024, expands information reporting entities must report to the CPUC regarding diverse procurement and hiring practices to include more specific information about in-state contractor and subcontractor procurement.⁸

Staff from the CPUC's External Affairs Division greet attendees at the Small and Diverse Business Expo on October 9, 2024.

The current GO 156 (since April 2022) provides the basis for the CPUC's Supplier Diversity Program that promotes and monitors utilities', CCAs', and covered entities' supplier diversity programs as well as oversees a certification clearinghouse (the Supplier Clearinghouse).⁹ GO 156 encourages the participating

⁶ R. 21-03-010, *Order Instituting Rulemaking to Revise General Order 156 to Include Certain Electric Service Providers and Community Choice Aggregators and Encourage Voluntary Participation by Other Non-Utility Entities Pursuant to Senate Bill 255; Consider LGBT Business Enterprise Voluntary Target Procurement Percentage Goals; Incorporate Disabled Business Enterprises; Modify the Required Reports and Audits; and Update Other Related Matters* (March 23, 2021).

⁷ D.22-04-035, *Decision Revising General Order 156 Supplier Diversity Program to Implement Senate Bill 255, Adopt a Voluntary Procurement Goal for LGBT Business Enterprises; Incorporate Persons with Disabilities Business Enterprises; and other Updates* (April 7, 2022). ⁸ PU Code Section 8283 (g) (1).

⁹ GO 156 Section 1.3.22: Clearinghouse is a CPUC-supervised program that verifies women, minority, LGBT, and persons with disabilities businesses' status and maintains a public database of eligible diverse suppliers for the use of utilities, covered entities, and the CPUC (www.thesupplierclearinghouse.com). California Department of General Services certifies disabled veteran businesses and provides the information to the Supplier Clearinghouse.

utilities and covered entities to purchase 15 percent from MBEs; 5 percent from WBEs; 1.5 percent from DVBES; and, from LGBTBEs, 0.5 percent for 2022, 1.0 percent for 2023, and 1.5 percent for 2024 and beyond. There is no goal for PDBEs.

In March 2024, 28 utilities, 17 CCAs, and 10 energy service providers submitted diverse supplier 2024 procurement reports and 2025 plans.¹⁰ This report to the Legislature highlights the performance of utilities, CCAs, and ESPs in meeting GO 156 voluntary targets and advancing diverse supplier inclusion in procurement activities.

¹⁰ Utility, CCA, and ESP 2024 Supplier Diversity Reports are posted on the [CPUC website](#).

2024 Utilities Supplier Diversity Performance Overview

In 2024, 28 utilities reported a total of **\$13.1 billion**¹¹ of procurement with diverse suppliers, representing **30.1 percent** of their total combined procurement. The utilities exceeded the goals for MBEs, WBEs, and DVBEs, but did not meet the goal for LGBTBEs. There are no goals for persons with PDBE, 8(a), or subcontracting. The table below details 2024 results:

Category	Procurement Amount	Percentage Achieved	GO 156 Goal ¹²
MBE	\$8.0 billion	18.3%	15%
WBE ¹³	\$4.0 billion	9.2%	5%
DVBE	\$980.3 million	2.3%	1.5%
LGBTBE	\$56.6 million	0.13%	1.5% ¹⁴
PDBE ¹⁵	\$95.1 million	0.22%	No goal
8(a) ¹⁶	\$1.8 million	0.00%	No goal
Subcontracting	\$2.9 billion	6.8%	No goal

¹¹ The values noted in this report may not total exactly due to rounding. Attachment A provides detailed procurement data reported by utilities for both 2023 and 2024.

¹² Aspirational goals set by GO 156 Section 8.2.

¹³ WBE: In this diverse category, the utilities usually include Caucasian women businesses; however, the category may include minority women businesses as well.

¹⁴ In D.22-04-035, the CPUC established a voluntary goal for LGBTBE category (0.5 percent 2022, 1.0 percent 2023, and 1.5 percent in 2024).

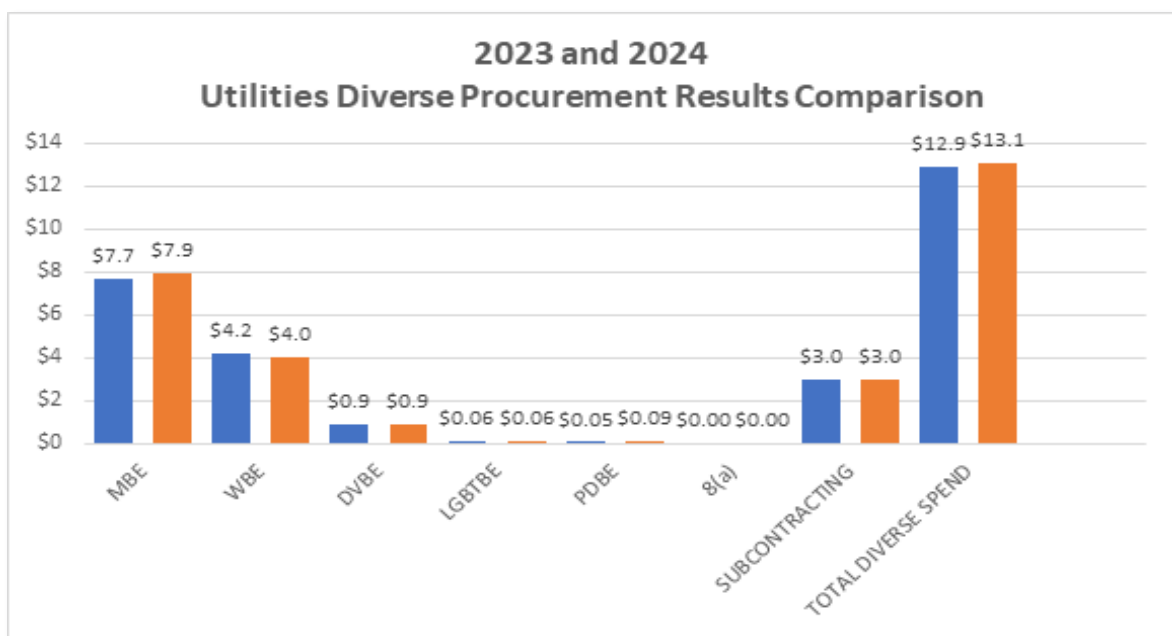

¹⁵ D.22-04-035 added reporting requirements for Person with Disabilities Business Enterprises.

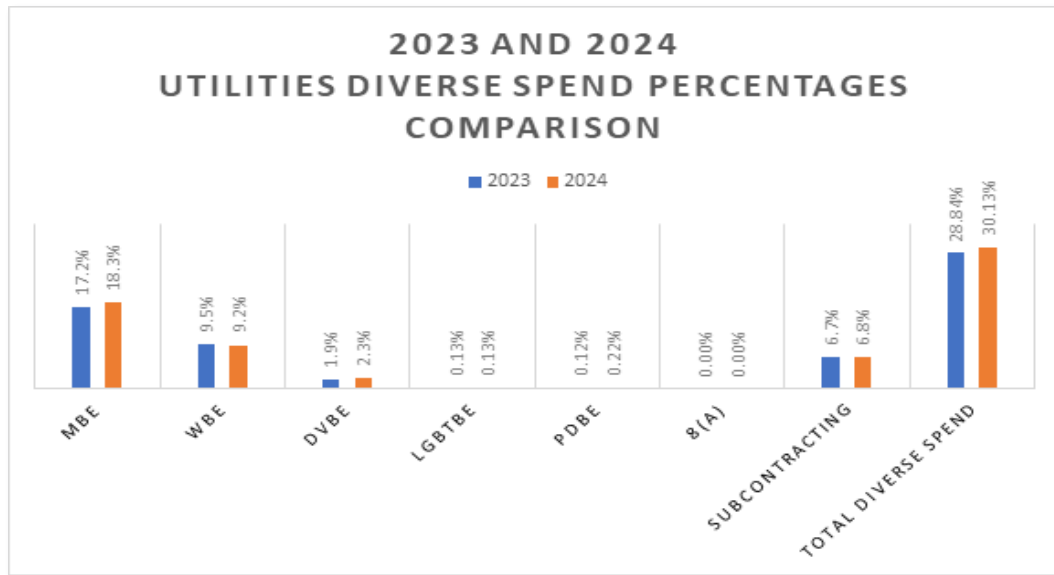

¹⁶ GO 156, Section 1.3.13: ““ Other groups or individuals” means persons found to be disadvantaged by the U.S. Small Business Administration pursuant to Section 8(a) of Small Business Act, as amended (15 U.S.C. 637(a)), or the U.S. Secretary of Commerce pursuant to Section 5 of Executive Order 11625.” This category may include non-diverse suppliers.

Comparison of 2024 and 2023 Results

Compared to 2023, 2024 results varied with increases and decreases across categories:

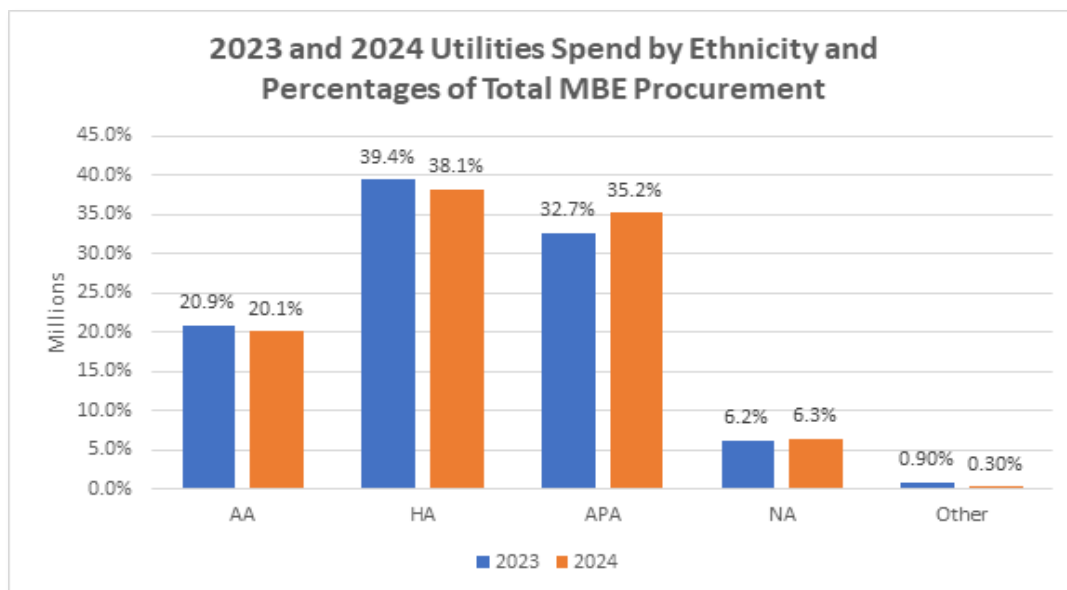

- **Total diverse spend** increased by 1.6 percent from \$12.9 billion to \$13.1 billion and the percentage of total procurement increased by 4.5 percent from 28.8 percent to 30.1 percent.
- **MBE, DVBE, and PDBEs** increased in both supplier diversity spend and the percentage of total procurement, with MBEs increasing supplier diversity procurement by 3.9 percent from \$7.7 billion to \$8 billion.
- Procurement with **WBE** and **LGBTBEs** decreased, though the percentage of spend for LGBTBE was unchanged from 2023 at 0.13 percent.
- **Subcontracting** spend decreased; however, the percentage of total procurement increased by 1.5 percent from 6.7 percent to 6.8 percent.

Minority Spend by Category

The MBE category includes African American (AA), Hispanic American (HA), Asian Pacific American (APA), and Native American (NA) suppliers.¹⁷ Compared to 2023, in 2024: AA total diverse procurement decreased by 3.8 percent; HA diverse spend decreased by 3.3 percent; APA spend increased by 7.6 percent; and NA spend increased by 1.6 percent (see Table 5a-1 in Attachment A).

¹⁷ G.O. 156 Section 1.3.4.

The results reflect a solid performance and a commitment to advancing supplier diversity and strengthening the California economy. The CPUC acknowledges and applauds the advancements made thus far in diverse supplier procurement and the progress achieved in fostering an inclusive supplier marketplace.

2024 Utilities Supplier Diversity Results

Utility procurement data is categorized into two groups: large utilities, with total procurement of \$150 million or more, and small utilities, with procurement below \$150 million. Utilities are required to report procurement results only from suppliers certified by the CPUC Clearinghouse and must include only activities that support California operations.

Large Utilities Procurement Results

In 2024, large utility procurement represented 97.0 percent (**\$42.2 billion**) of the combined utilities' (small and large) procurement spend (\$43.5 billion). A total of 12 utilities reported results in the large utility category:

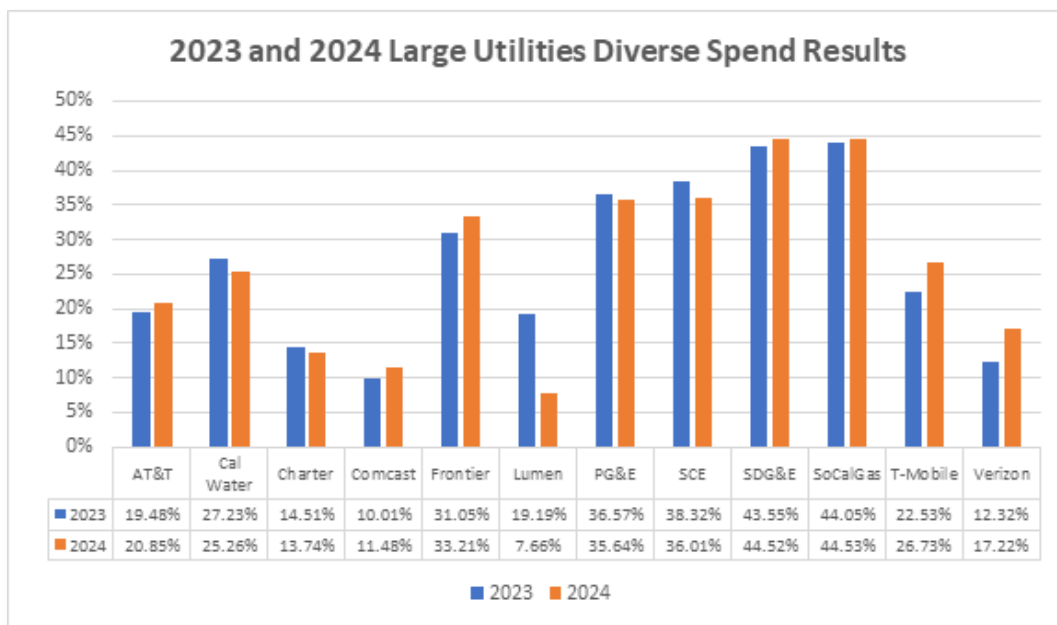

- AT&T
- California Water Service (Cal Water)
- Lumen Technologies Inc. (Lumen)
- Charter Communications (Charter)
- Comcast California (Comcast)
- Frontier Communications (Frontier)
- Pacific Gas and Electric Company (PG&E)
- San Diego Gas & Electric (SDG&E)
- Southern California Edison (SCE)
- Southern California Gas Company (SoCalGas)
- T-Mobile
- Verizon

The large utilities, collectively, spent **30.2 percent** of their total procurement with diverse suppliers, surpassing the 23 percent goal.

Key results:

- Cal Water (25.3 percent), Frontier (33.2 percent), PG&E (35.6 percent), SCE (36.0 percent), SDG&E (44.5 percent), SoCal Gas (44.5 percent), and T-Mobile (26.7 percent) met the 23 percent goal.
- SDG&E and SoCal Gas achieved the highest percentages of diverse procurement.
- Five of seven communications companies: AT&T (20.9 percent), Comcast (11.5 percent), Frontier, T-Mobile, and Verizon (17.2 percent) increased diverse procurement percentages in 2024 compared to 2023.

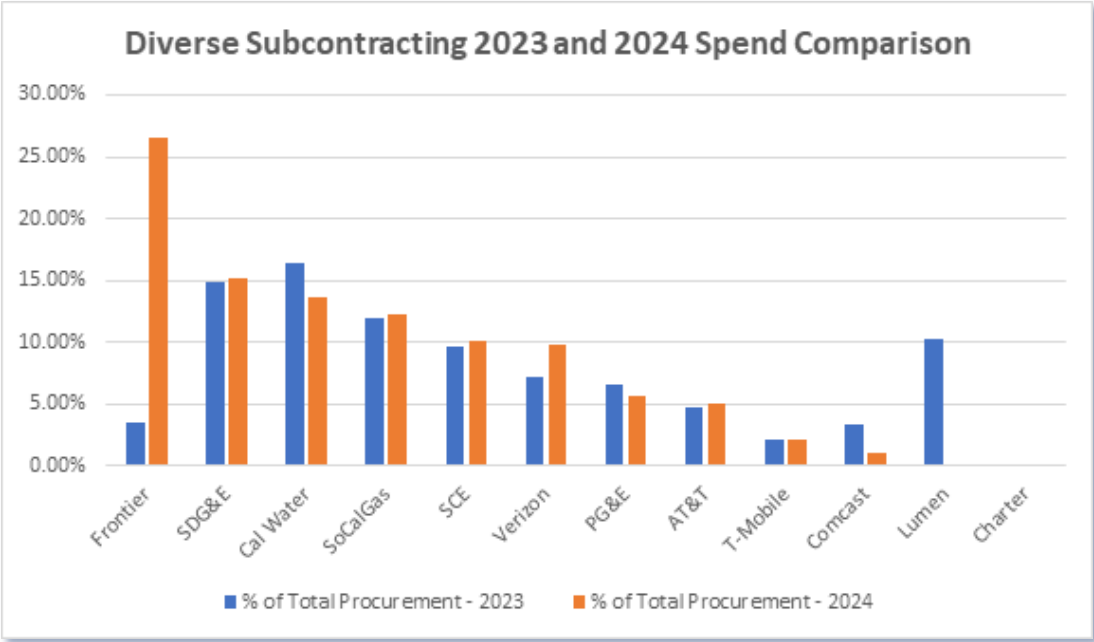

- AT&T, Charter (13.7 percent), Comcast, Lumen (7.7 percent), and Verizon did not meet the 23 percent goal¹⁸ (see Tables 3 and 1a in Attachment A).

Large Utilities Diverse Subcontracting Procurement Results

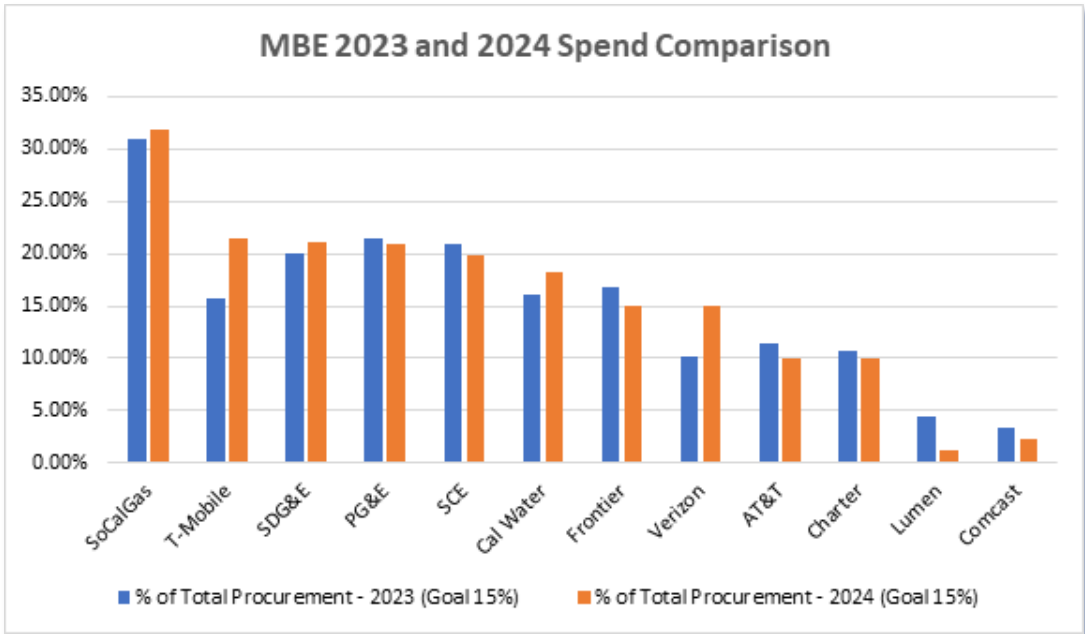

Compared to 2023, the large utilities' diverse subcontracting result decreased 3.0 percent in 2024, from \$3.0 billion to **\$2.9 billion**. However, the percentage of total procurement increased from 6.8 percent to **6.9 percent**. All large utilities reported diverse subcontracting spend in 2024. Frontier reported the highest subcontracting percentage (26.6 percent), followed by SDG&E (15.5 percent). Charter (0.04 percent) and Lumen (0.17 percent) reported the lowest diverse subcontracting percentages in 2024 (see Tables 12 and 1a in Attachment A).

¹⁸ Charter and Comcast did not meet the 21.5 percent goal in 2018, 2019, 2020, and 2021; the 22 percent goal in 2022; the 22.5 percent goal in 2023; or the 23 percent goal in 2024.

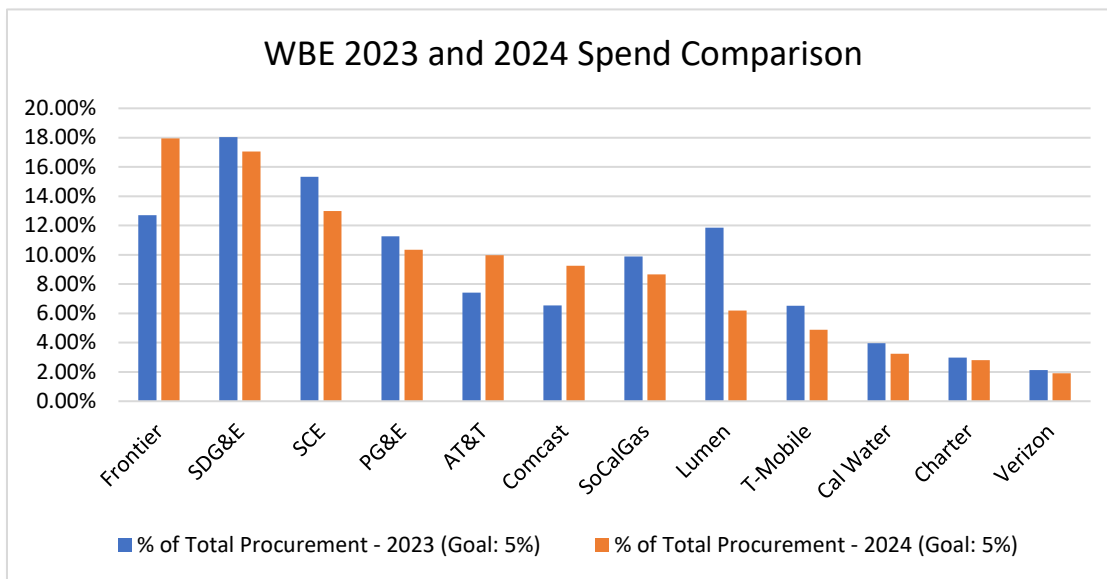

Large Utilities MBE Procurement Results

Eight of the large utilities met the MBE procurement goal of 15 percent, one more than in 2023. The large utilities’ total MBE procurement increased 4.0 percent from \$7.5 billion in 2023 to **\$7.8 billion** in 2024 and increased as a percentage of total procurement from 17.2 percent to **18.4 percent**, exceeding the 15.0 percent goal. SoCal Gas had the highest percentage of total procurement (31.9 percent), while AT&T, Charter, Comcast, and Lumen did not meet the goal (see Tables 3 and 1a in Attachment A).

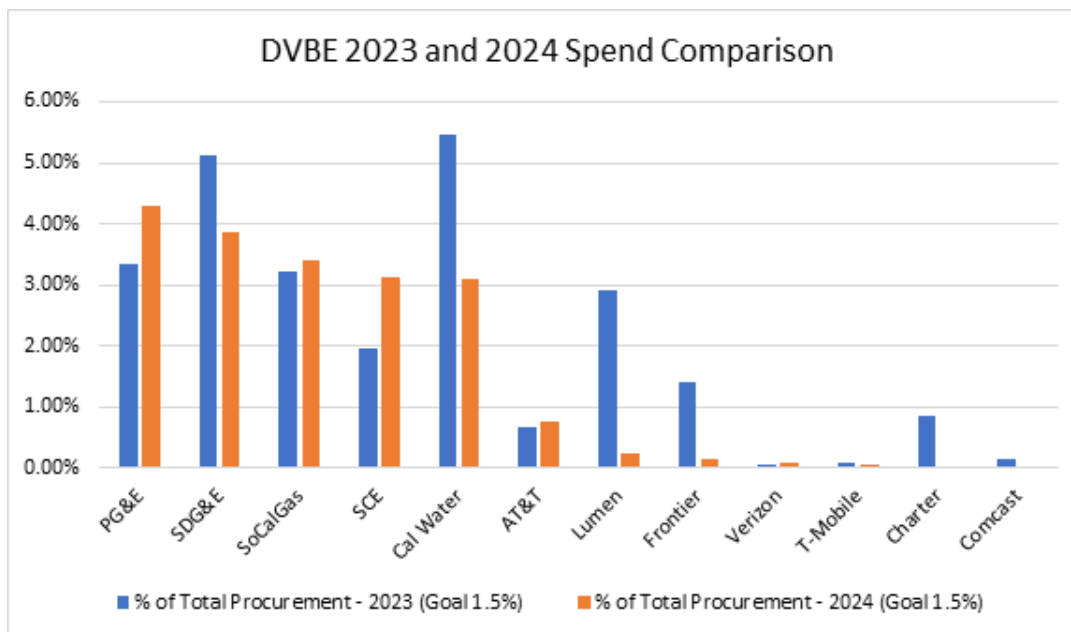

Large Utilities WBE Procurement Results

Eight large utilities met the procurement goal of 5 percent with WBEs and two did not. Overall, the large utilities spent fewer procurement dollars on WBEs – from \$4.1 billion (9.8 percent) in 2023 to **\$3.9 billion (9.2 percent)** in 2024 -- but still exceeded the 5.0 percent goal. Frontier achieved the highest WBE percentage of total procurement (17.9 percent), while Cal Water, Charter, T-Mobile, and Verizon did not meet the goal (see Tables 3, 1a, and 6a in Attachment A).

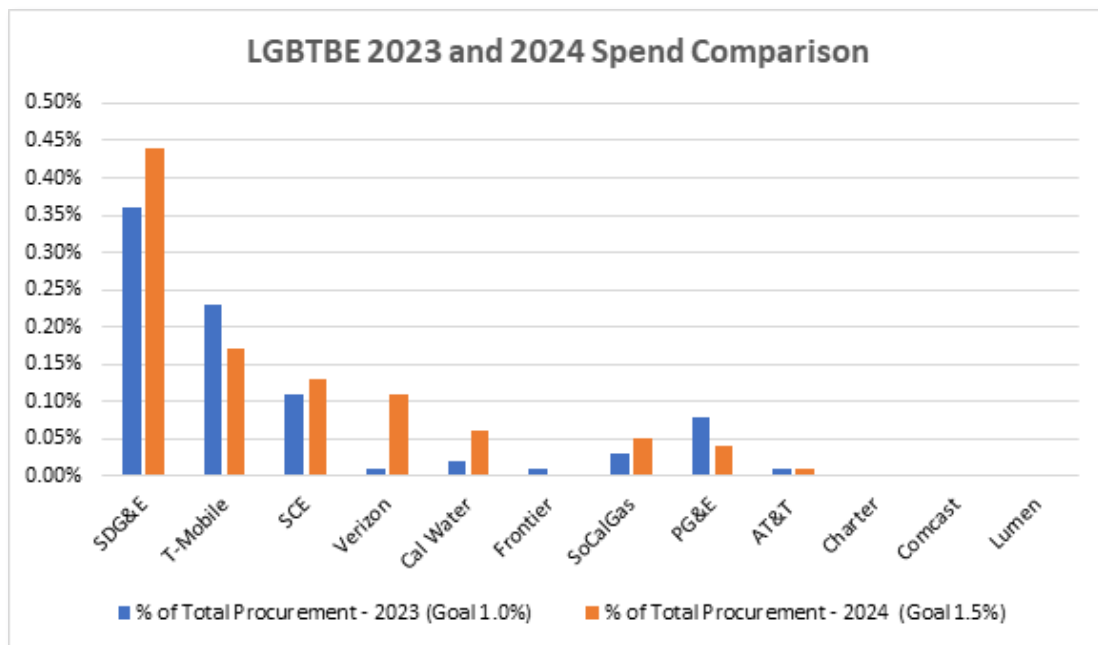

Large Utilities DVBE Procurement Results

The large utilities' DVBE procurement increased by 16.3 percent from \$810 million in 2023 to **\$942 million** in 2024. The DVBE percentage of total procurement also increased from 1.9 percent to **2.2 percent**, surpassing the 1.5 percent DVBE goal. However, the number of large utilities that met the goal decreased by two from 2023. PG&E (4.3 percent) had the highest percentage of total procurement; while AT&T, Charter, Comcast, Frontier, Lumen, T-Mobile, and Verizon did not meet the goal (see Tables 3, 1a, and 7a in Attachment A).

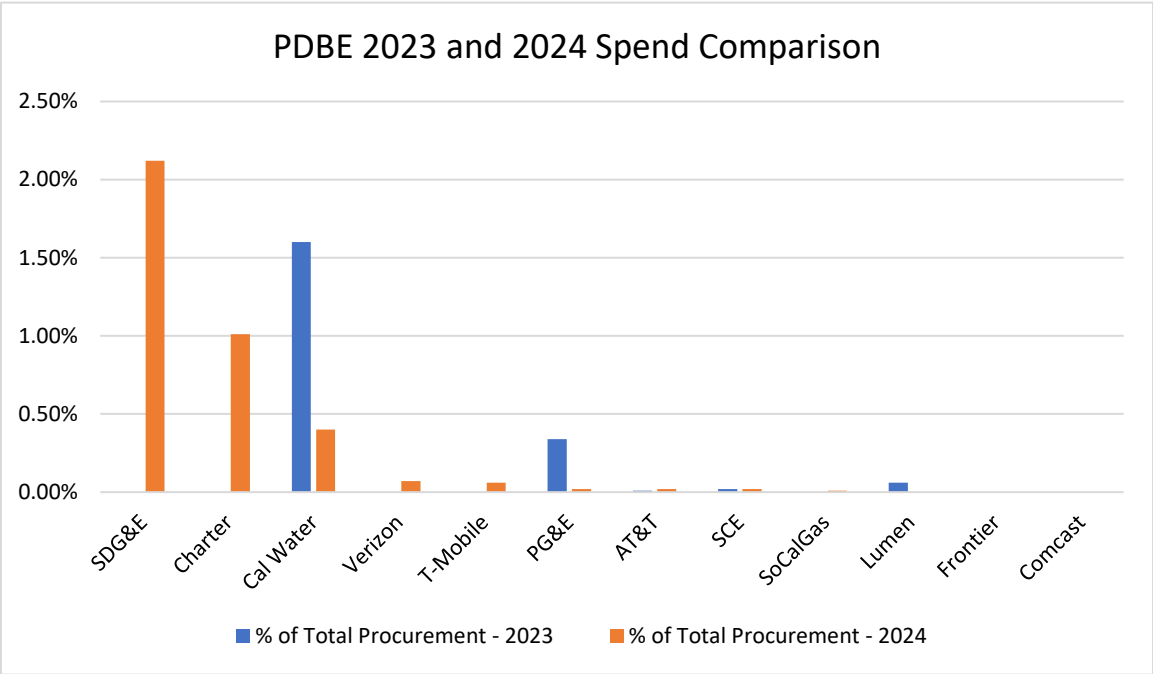

Large Utilities LGBTBE Procurement Results

The large utilities' procurement with LGBTBEs decreased by 5.0 percent in 2024 from \$42.1 million in 2023 to **\$40.0 million**, and the percentage of total procurement also decreased from 0.10 percent to **0.09 percent**. The large utilities did not meet the 1.5 percent goal. SDG&E had the highest percentage of total procurement (0.44 percent), followed by T-Mobile (0.17 percent). Charter, Comcast, Lumen, and Frontier did not procure from LGBTBEs (see Tables 3, 1a, and 8a in Attachment A).

Large Utilities PDBE Procurement Results

Ten large utilities procured with PDBEs in 2024, an increase from nine in 2023. In 2024, total procurement increased by 50.3 percent from \$50.4 million to **\$77.3 million**, and the percentage of total procurement increased from 0.12 percent to **0.18 percent**.¹⁹ SDG&E (2.1 percent) had the highest percentage of total procurement, while AT&T (0.02 percent), Charter (1.0 percent), SDG&E (0.01 percent), SoCal Gas (0.01 percent), and Verizon (0.07 percent) increased their percentage spend over 2023 (see Tables 3, 1a, and 9a in Attachment A).

Small Utilities Procurement Results

The small utilities represent approximately 2.4 percent (**\$1.3 billion**)²⁰ of the combined total procurement reported in 2024 (\$43.5 billion). Sixteen utilities reported in the small utility category, including:

- Bear Valley Electric Service, Inc. (Bear Valley Electric)
- California American Water Company (Cal Am Water)
- Cox Communications (Cox)²¹
- Golden State Water Company (Golden State Water)

¹⁹ D.22-04-035 added reporting requirements for Person with Disabilities Business Enterprises.

²⁰ The values noted in this report may not total exactly due to rounding. Attachment A provides detailed procurement data reported by utilities for both 2023 and 2024.

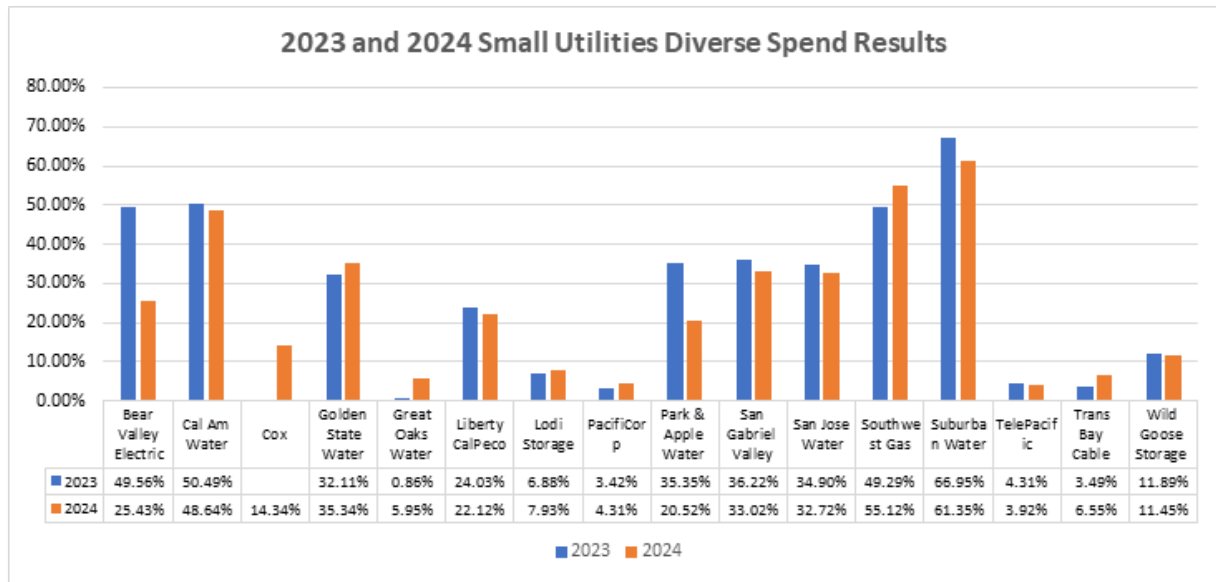

²¹ Cox did not report California spend in 2023; therefore, comparison data for 2023 is not reflected in this report.

- Great Oaks Water Company (Great Oaks)
- Liberty Utilities Corp. – Park Water and Apple Valley Ranchos (Park & Apple Valley Water)
- Liberty Utilities, LLC – CalPeco Electric (Liberty CalPeco)
- Lodi Gas Storage (Lodi Storage)
- Pacific Power (PacifiCorp)
- San Gabriel Valley Water Company (San Gabriel Valley Water)
- San Jose Water Company (San Jose Water)
- Southwest Gas
- Suburban Water Systems (Suburban Water)
- U.S. TelePacific Communications (TelePacific)
- Trans Bay Cable, LLC (Trans Bay Cable)
- Wild Goose Storage, LLC (Wild Goose)

The small utilities collectively spent **29.5 percent** of their total procurement with diverse suppliers, surpassing the 23.0 percent goal.

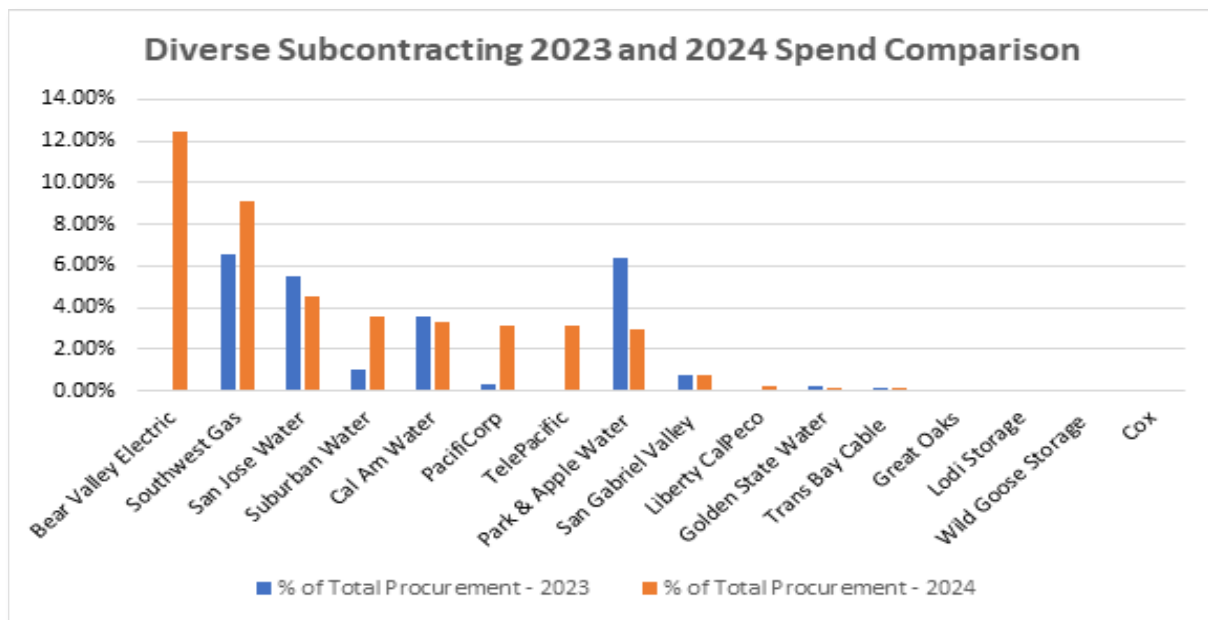

Key results:

- Cal Am Water exceeded all category goals.
- Suburban Water (61.4 percent) and Southwest Gas (55.1 percent) achieved the highest percentage of total procurement.
- Bear Valley (25.4 percent), Cal Am Water (48.6 percent), Golden State Water (35.3 percent), San Gabriel Water (33.0 percent), San Jose Water (32.7 percent), Southwest Gas, and Suburban Water exceeded the 23 percent goal.
- Diverse subcontracting increased 44.1 percent (see Tables 3 and 2a in Attachment A).

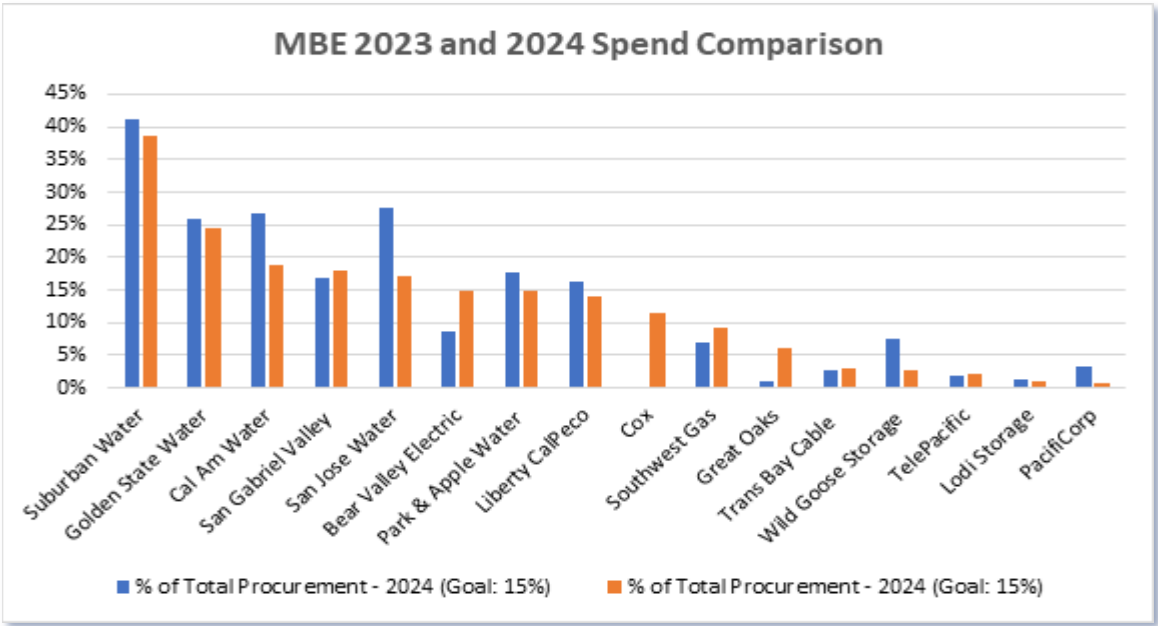

Small Utilities Diverse Subcontracting Procurement Results

The small utilities' diverse subcontracting spend increased by 44.1 percent from \$23.4 million in 2023 to **\$33.7 million** in 2024, and the percentage of total procurement increased from 2.1 percent to **2.6 percent**. Bear Valley reported the highest subcontracting percentage (12.4 percent), while Cox, Great Oaks, Lodi, TelePacific, and Wild Goose did not report diverse subcontracting spend in 2024 (see Tables 12 and 2a in Attachment A).

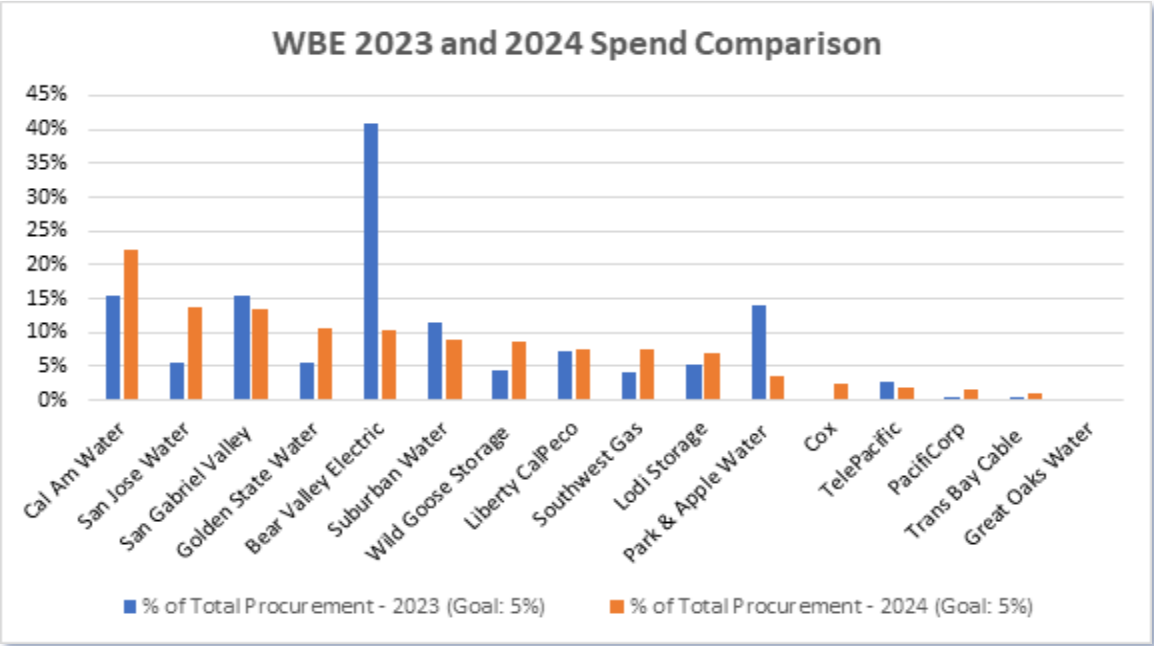

Small Utilities MBE Procurement Results

The small utilities’ MBE procurement increased by 4.5 percent in 2024, from \$189.1 million in 2023 to **\$197.6 million** and MBE percentage of total procurement decreased from 17.2 percent to **15.0 percent**, meeting the 15.0 percent goal. Five small utilities met the 15.0 percent MBE goal -- three more than in 2023. Suburban had the highest MBE percentage (38.5 percent), followed by Golden State Water (24.4 percent). Lodi Storage (0.99 percent) and PacifiCorp (0.71 percent) procured the lowest MBE percentages (see Tables 3, 2a, and 12a in Attachment A).

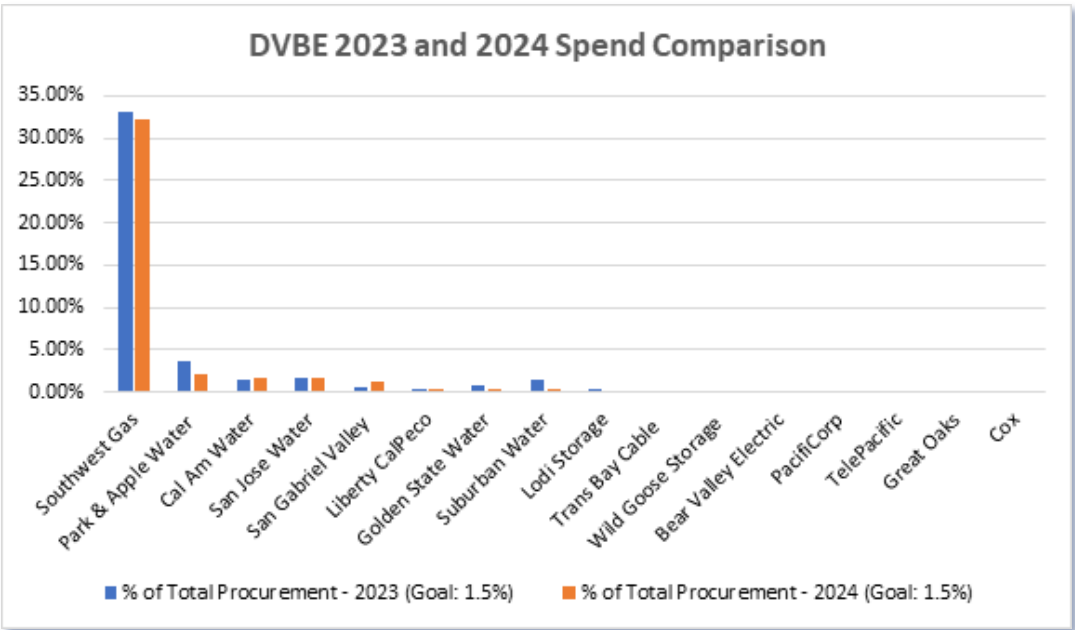

Small Utilities WBE Procurement Results

The small utilities increased procurement from WBEs – from \$87.3 million (8.0 percent) in 2023 to **\$128.8 million (9.8 percent)** in 2024 and met the 5.0 percent goal. Ten small utilities met the procurement goal of 5.0 percent with WBEs and six did not. Cal Am Water achieved the highest WBE spend percentage of total procurement (22.1 percent), and Great Oaks did not procure from WBEs in 2024 (see Tables 3, 2a, and 6a in Attachment A).

Small Utilities DVBE Procurement Results

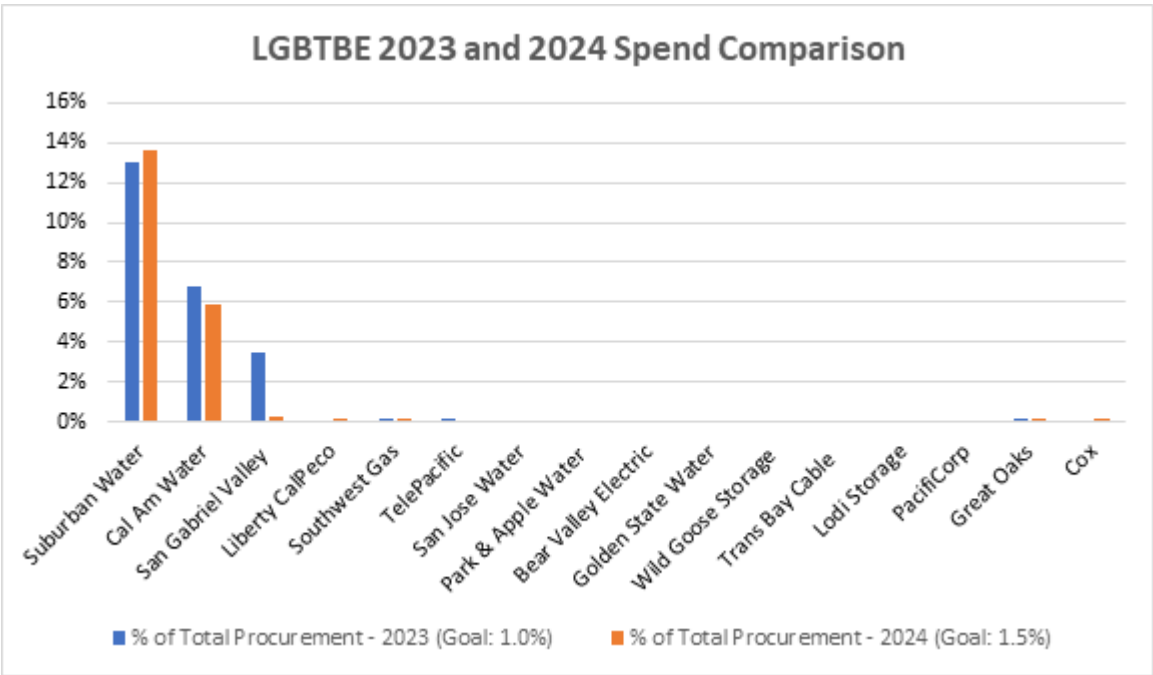

The small utilities’ DVBE procurement decreased by 8.1 percent from \$42.2 million in 2023 to **\$38.8 million** in 2024. The DVBE percentage of total procurement also decreased from 3.9 percent to **3.0 percent**, surpassing the 1.5 percent DVBE goal. Cal Am Water (1.7 percent), PacifiCorp (2.1 percent), Park and Apple

Water (2.1 percent), San Jose Water (1.6), and Southwest Gas (32.3) reported achieving the 1.5 percent procurement goal, while Bear Valley Electric, Cox, Golden State Water, Great Oaks, Liberty CalPeco, Lodi Storage, San Gabriel Valley Water, Suburban Water, TelePacific, Trans Bay Cable, and Wild Goose did not meet the goal (see Tables 3, 2a, and 7a in Attachment A).

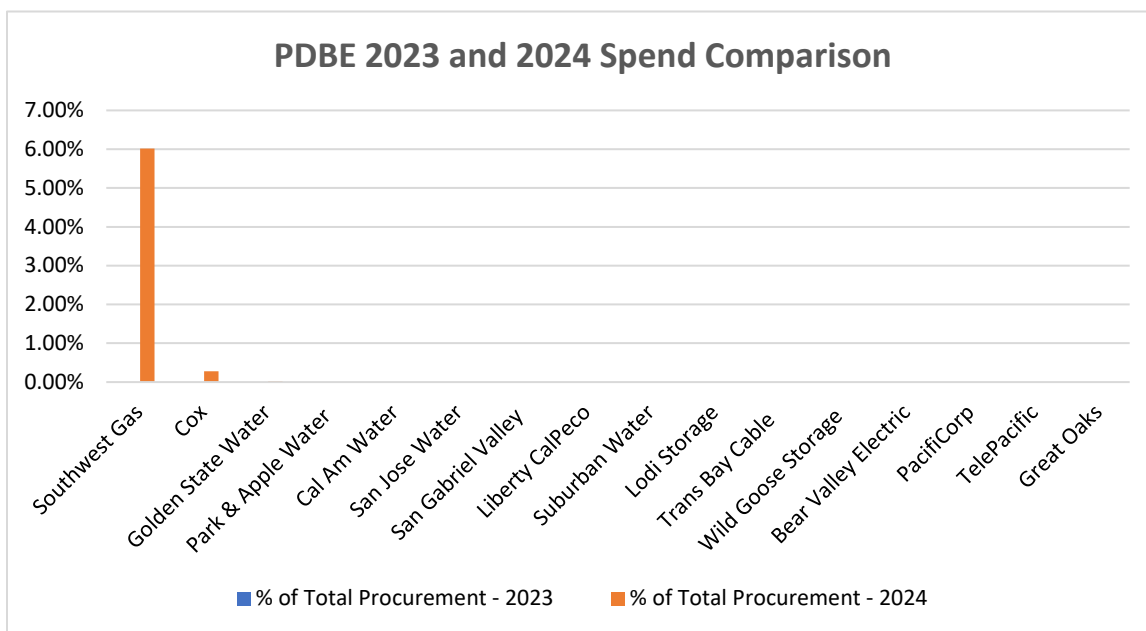

Small Utilities LGBTBE Procurement Results

The small utilities spend with LGBTBEs decreased by 7.3 percent in 2024 from \$17.9 million in 2023 to **\$16.6 million**. The percentage of total procurement also decreased from 1.6 percent to **1.3 percent**, which did not meet the goal of 1.5 percent. Suburban had the highest percentage of total procurement (13.7 percent), followed by Cal Am Water (6.0 percent). Cal Am Water, Liberty CalPeco (0.10 percent) and Suburban Water increased their percentage spend with LGBTBEs, while Bear Valley, Cox, Golden State Water, Great Oaks, Lodi, PacifiCorp, Park and Apple Water, San Jose Water, TelePacific, Trans Bay Cable, and Wild Goose did not procure from LGBTBEs (see Tables 3, 2a, and 8a in Attachment A).

Small Utilities PDBE Procurement Results

In 2024, the small utilities increased total procurement with PDBEs by 12.0 percent over 2023 from \$5.0 million to **\$5.6 million**. Three utilities procured from PDBEs in 2024, an increase from one in 2023. Southwest Gas (6.0 percent) had the highest percentage of total procurement followed by Cox (0.3 percent) and Golden State Water (0.02 percent). Thirteen utilities did not procure from PDBEs in 2024 (see Tables 3, 2a, and 9a in Attachment A).

2024 Utilities Supplier Diversity Program Highlights

The CPUC's Supplier Diversity Program staff partnered with utilities, community-based organizations, chambers of commerce, and business groups to promote the benefits of GO 156, grow the Supplier Clearinghouse's pool of certified diverse suppliers, and advance inclusive economic opportunities.

Select accomplishments from 2024:

Performance milestones

- Cal Am Water exceeded all category goals.
- The CPUC welcomed a record-high 60 exhibitors at its October 2024 Small and Diverse Business Expo.
- Southwest Gas increased tier two subcontracting spend by 15.7 percent from 2023.
- Suburban Water engaged 58 certified diverse suppliers, a record high and 12 percent more than 2023.
- SDG&E exceeded \$1 billion in diverse spend for the second consecutive year.
- Frontier reported 26.6 percent of subcontracting spend.
- Cox Communications provided California specific spend data for the first time in 2024.

Outreach & Engagement

- The CPUC facilitated a fireside chat featuring diverse suppliers who shared insights on the value of mentorship, the importance of persistence, community involvement and the impact of creative problem-solving in advancing supplier diversity.
- SDG&E hosted five supplier diversity symposiums, including a joint IT symposium with SoCal Gas, targeting underutilized categories.
- Comcast California hosted the 14th Annual California Cable Supplier Diversity Symposium: A Business Perspective, where moderators and panelists explained how suppliers can best support cable industry growth.

Stephanie Green, CPUC Supplier Diversity Manager (far right), and industry representatives at the Small and Diverse Business Expo on October 9, 2024.

Capacity Building Programs

- Bear Valley Electric co-sponsored the Council for Supplier Diversity - High Performance Series (HPS) with the University of San Diego Business School to help suppliers build scalable operations and gain corporate procurement traction.
- California American Water partnered with the BRAVO Mentor Protégé Program to guide DVBES through pitch and business development.
- Cal Water sponsored The Water Acumen Training for Entrepreneurship Refinement (W.A.T.E.R.) business certification program which equips business owners with technical knowledge, regulatory insights, and industry best practices.

Recognitions & Awards

- Golden State Water was recognized as a “gender-balanced” board by 50/50 Women on Boards™ – only 12 percent of Russell 3000 companies share this recognition.
- SCE was officially admitted to the Billion Dollar Roundtable for surpassing \$1 billion in annual diverse supplier spend.
- Cox was recognized by the National Business Inclusion Consortium (NBIC) in its Top 50 Best-of-the-Best Corporations for Inclusion.
- PG&E received the Inaugural Top Corporation Award from the Women’s Business Enterprise Council (WBEC) Pacific.

2024 Utilities Supplier Diversity Program Challenges

Several ongoing challenges continue to impact the advancement of utility supplier diversity programs. Despite these challenges, the CPUC remains committed to working with the utilities, CBOs, business organizations, and other entities to identify solutions to advance supplier diversity.

The CPUC's supplier diversity staff notes the following issues in 2024:

Lack of Qualified Suppliers

- Utilities continue to face challenges due to the limited pool of qualified diverse suppliers with technical expertise and access to capital, which hinders their competitiveness for utility contracts.

Changing Business Models

- The communications industry continues to evolve, with some companies shifting from traditional telecommunications providers to managed service models. While this transition may reduce opportunities for diverse suppliers in some areas, it also has the potential to open the market in emerging fields.

Technological Innovations

- As technologies such as artificial intelligence and cyber security continue to grow in importance for utilities, it's essential for diverse suppliers to build the capacity to provide these and other services to meet the future needs of utility companies.

Insurance Requirements

- Utility requirements and the cost of business insurance can reduce the number of qualified diverse suppliers available to be considered for contracts.

Underperformance in LGBTBE Category

- Utilities continue to report challenges with finding LGBTBEs with the desired expertise, capacity, and locations to compete for utility contracts.

2024 Supplier Diversity Program: Additional Initiatives

CPUC's 2024 Annual *En Banc*: Public Hearing on GO 156 Program

On October 10, 2024, the CPUC held its 22nd En Banc, titled “GO 156: Transforming Business Growth Through Expansion, Innovation, and Technology.” California State Senator Steven Bradford (District 35) and Assemblymember Eloise Reyes (District 50) addressed attendees and shared their perspectives on the Supplier Diversity Program.

CPUC Commissioner Karen Douglas (far right) hosts a fireside chat with business leaders during the 22nd En Banc on October 10, 2024.

The en banc featured discussions centered around technology and innovative services, supplier efficiency, and enhancing supplier diversity performance. For the first time, the en banc hosted a fireside chat where suppliers shared insights on the value of mentorship programs, community involvement, the importance of persistence, and the role of creative problem-solving in advancing supplier diversity. CPUC Commissioners heard from utility executives, CCAs, business owners, and representatives from community-based organizations (CBO) who are actively involved in supplier diversity initiatives. Themes that emerged from the en banc included:

Capacity Building is Critical to Supplier Success

- More resources and funding are needed to help community-based organizations conduct outreach and education to small and diverse businesses.
- Suppliers need to adopt IT systems and technologies like artificial intelligence, energy storage, and electric vehicle infrastructure to stay competitive and meet future utility needs.

Regulatory Decision-Making Schedules Matter

- Timely decision-making regarding rate cases has an impact on small businesses pertaining to cash flow and other operational concerns.

Procurement Process Barriers Persist

- The cost of insurance is a continuing barrier to the ability of small and diverse businesses to compete for contracts.
- Suppliers face delayed invoice payments and difficulty gaining visibility and timely access to relevant bidding opportunities.

Maintain a Focus on Subcontracting

- Subcontractors face barriers including payment terms, safety programs, and RFP visibility.
- Prime contractors should be encouraged to have subcontracting plans to provide additional opportunities for diverse suppliers.

The en banc concluded with the Commissioners acknowledging the utilities', CCAs', and other stakeholders' efforts and successes. They encouraged all participants to continue to innovate with technology, problem solve and explore ways to increase the inclusion of diverse suppliers in utility procurement activities.

Small and Diverse Business Expo

A participant registers for the Small and Diverse Business Expo on October 9, 2024.

In 2024, the CPUC hosted two Small and Diverse Business Expos – on April 4 in South San Francisco, and October 9 in Riverside. Both events attracted more than 500 attendees and featured panel discussions and networking opportunities. The October expo attracted an all-time high of 60 exhibitors. Representatives from utilities, chambers of commerce, business associations, prime contractors, and CCAs represented their organizations on panels and at exhibit stations to educate diverse businesses about procurement opportunities and strategies to compete for business contracts.

Underutilized Categories

GO 156 encourages participating entities to focus on areas with low diverse procurement such as legal services, financial and consultant services, insurance, advertising, and other areas technical in nature.²²

Key efforts in 2024 include:

Legal Services

- SoCal Gas attorneys attended and participated in the California Minority Counsel Program (CMCP) and continuing legal education events organized by disadvantaged business enterprise firms to promote inclusivity.
- SCE sponsored a fellow and supported pipeline efforts through the Leadership Council on Legal Diversity (LCLD).

Financial Services

- PG&E Corporation engaged eight diverse banks on its December 2024 Common Stock and Mandatory Convertible Preferred securities offering, reaching retail investors and broadening the equity investor base.
- SoCal Gas spent \$2.9 million with diverse financial firms, marking a 7.6 percent increase from the prior year.

Technical Areas

- SDG&E spent \$273.65 million with diverse suppliers (approximately 10.25% of total procurement). This includes IT, engineering, and consulting services — a significant share of SDG&E's supplier diversity spending.
- AT&T hosted a series of supplier inclusivity summits, focusing on three core commodity areas: Network and Engineering, Global Real Estate, and Advertising (California only).
- PG&E released its second R&D Strategy Report which details the 67 problems that PG&E seeks help from innovators to solve and identify.

Fuel and Power Procurement²³

GO 156 permits utilities to report fuel procurement separately from the purchase of other products and services but requires them to report their renewable and non-renewable power (energy) procurement in a

²² GO 156 Section 8.12: “[e]ach utility and other covered entity shall make special efforts to increase utilization and encourage entry into the marketplace of eligible suppliers in product or service categories where there has been low utilization of eligible suppliers, such as legal and financial services, fuel procurement, and areas that are considered technical.”

²³ Fuel procurement refers to purchases of fuel products, such as natural gas, used to provide gas services. Power procurement refers to purchases of renewable and non-renewable energy products used to provide electric services.

similar manner to their fuel procurement.²⁴ Six energy utilities (Liberty CalPeco, PG&E, SDG&E, SCE, SoCalGas, and Southwest Gas) reported 2024 fuel and/or power purchases separately.²⁵

In their GO 156 2024 reports, the utilities reiterated their commitments to diversify fuel and power procurements and described the efforts and resources utilized to increase diverse suppliers' participation. Despite challenges including falling demand for natural gas, capital and size constraints for suppliers, and collateral requirements for electronic or online trading platforms, utilities produced the following results in 2024:

Fuel Procurement

Five utilities reported 2024 diverse fuel procurement results. Together, the utilities spent **\$211.4 million** or **10.8 percent** of their total fuel procurement with diverse suppliers, a decrease from their 2023 fuel result of \$949.37 million or 13.9 percent.

Fuel Procurement for Non-Generation

Utility	2023 Diverse Spend	2023 Diverse Spend % of Total Spend	2024 Diverse Spend	2024 Diverse Spend % of Total Spend
PG&E	\$465 K	0.02%	\$325 K	0.05%
SDGE	\$22.9 M	11.6%	\$3.05 M	4.5%
SCE	\$1.9 M	100%	\$1.61 M	100%
SoCalGas	\$903.5 M	22.4%	\$206.4 M	17.5%
SWG	\$20.6 M	14.5%	\$46.8 K	0.08%

SCE procured 100 percent of its fuel needs from diverse suppliers in both 2023 and 2024. Compared to 2023, in 2024: SoCalGas fuel procurement spend percentage decreased from 22.4 percent to 17.5 percent; SDG&E decreased from 11.6 percent to 4.5 percent; Southwest Gas decreased from 14.5 percent to 0.08 percent; and PG&E increased from 0.02 percent to 0.05 percent²⁶ (see Table 10a in Attachment A).

²⁴ GO 156 Sections 8.11, 9.1.9, and 9.1.11.

²⁵ For detailed fuel and power diverse procurement data, see Attachment A, Tables 9 and 10.

²⁶ Refer to Attachment B for graphs comparing the utilities' 2020 - 2024 diverse fuel procurement.

Power Procurement

Four utilities reported diverse power procurement spend in 2024. The combined diverse power spend decreased 37.9 percent from \$73.6 million in 2023 to **\$45.7 million** in 2024. However, the 2024 percentage of total procurement was unchanged at **0.01 percent**.

Power Procurement				
Utility	2023 Diverse Result	2023 Diverse % of Total Spend	2024 Diverse Result	2024 Diverse % of Total Spend
Liberty CalPeco	\$0.00	0.00%	\$0.00	0.00%
PG&E	\$2.5 M	0.07%	\$4.3 M	0.17%
SDG&E	\$27.6 M	2.29%	\$8.3 M	0.80%
SCE	\$43.6 M	0.85%	\$33.1 M	0.80%

Liberty CalPeco did not procure from diverse suppliers in 2023 or 2024.²⁷ Compared to 2023, in 2024: PG&E procurement of power products from diverse suppliers increased by 72.0 percent to \$4.3 million; SDG&E decreased by 69.9 percent to \$8.3 million; and SCE decreased by 24.1 percent to \$33.1 million²⁸ (see Table 11a in Attachment A).

Diverse Supplier Certification

The CPUC oversees the Supplier Clearinghouse, which certifies diverse suppliers ²⁹. The California Department of General Services (DGS) certifies DVBs and shares this information with the Supplier Clearinghouse.³⁰ All certified businesses must be re-certified every three years to maintain active status.

The Clearinghouse maintains a public, searchable database and offers training on the certification process. Its website provides access to the certification portal, bid opportunities, and information on General Order

²⁷ Liberty CalPeco did not report power procurement from diverse suppliers from 2020-2023.

²⁸ Refer to Attachment B for graphs comparing the utilities’ 2020- 2024 diverse power procurement.

²⁹ PU Code Section 8284(a) (1) requires the CPUC to adopt criteria for verifying and determining the eligibility of women, minority, and LGBT business enterprises (diverse suppliers). In April 2022, through D.22-04-035, the CPUC added Persons with Disabilities Business Enterprise diverse category in to GO 156.

³⁰ PU Code, Section 8284 (a) (2).

156 and supplier diversity events. The operating costs of the Supplier Clearinghouse are paid by the GO 156 participating utilities as required by GO 156³¹ and Resolution CSID – 001.³²

As of June 30, 2024, the Supplier Clearinghouse database had 12,230 total certifications.

Total Supplier Clearinghouse Certifications

Category	Total Supplier Clearinghouse Certifications
MBE	3,820
WBE	3,524
DVBE	2,129
LGBTBE	450
PDBE	2,274 ³³
8 (a)	33
Total Certifications	12,230

³¹ GO 156 Section 3.1

³² [Resolution CSID – 001](#).

³³ DVBEs are automatically added to the Persons with Disabilities Business Enterprise diverse category.

2024 Community Choice Aggregators Supplier Diversity Performance

CCAs with gross annual revenues exceeding \$15 million are required to annually submit a plan to the CPUC detailing efforts to increase procurement from small and diverse suppliers and a report detailing their performance in diverse supplier procurement.³⁴ Seventeen CCAs provided procurement data for their 2024 activities:

- Ava Community Energy Authority (Ava)
- California Choice Energy Authority (CalChoice)
- Central Coast Community Energy
- Clean Energy Alliance
- Clean Power Alliance of Southern California (Clean Power Alliance)
- CleanPowerSF
- Desert Community Energy
- MCE
- Orange County Power Authority
- Peninsula Clean Energy Authority (Peninsula Clean Energy)
- Pioneer Community Energy
- Redwood Coast Energy Authority' (Redwood Coast Energy)
- San Diego Community Power
- San Jose Clean Energy
- Silicon Valley Clean Energy
- Sonoma Clean Power Authority (Sonoma Clean Power)
- Valley Clean Energy Alliance (Valley Clean Energy)

A Pioneer Community Energy representative (far right) meets with a business owner at the Small and Diverse Business Expo Resource Fair on October 9, 2024.

In 2024, the CCAs reported a combined total of **\$6.6 million**³⁵ of procurement with diverse suppliers, representing **2.4** percent of total procurement and an increase of 1.5 percent from 2023 (\$6.5 million).

Key results:

³⁴ Senate Bill 255 (Bradford, Chapter 407, Statutes of 2019).

³⁵ Attachment C provides detailed diverse supplier procurement data for 2023 and 2024.

- **MBE** procurement spend increased from \$1.6 million to \$1.9 million and the percentage of total procurement rose from 0.65 percent to 0.68 percent. Silicon Valley Clean Energy (2.7 percent) and Peninsula Clean Energy (2.0 percent) had the highest percentages of total procurement. Four CCAs did not procure from MBEs, two fewer than in 2023.
- Procurement with **WBEs** increased from \$4.1 million in 2023 to \$4.6 million in 2024, though the percentage of spend decreased from 1.72 percent to 1.67 percent. Pioneer Community Energy had the highest percentage spend with WBEs at 9.8 percent. Three CCAs did not procure from WBEs, an improvement from five in 2023.
- **DVBE** procurement spend decreased by 91.8 percent from 0.04 percent in 2023 to 0.0 percent in 2024.
- **LGBTBE** procurement decreased both in supplier diversity spend -- from \$131,428 in 2023 to \$49,089 in 2024, and percentage of total procurement from 0.06 percent in 2023 to 0.02 percent in 2024. Desert Community Energy reported the highest percentage of total procurement at 0.86 percent. Seven CCAs procured from LGBTBEs in 2024.
- Procurement with **PDBEs** declined in 2024, from \$86,753 (0.04 percent) to \$13,753 (0.0 percent).
- No CCAs reported **subcontracting** procurement in 2024.
- MCE (\$2,740,929) and Peninsula Clean Energy (\$340,000) reported diverse supplier spend in **power procurement** (see Table 1a in Attachment C).

2024 CCA Supplier Diversity Highlights

In 2024, CCAs continued to strengthen their supplier diversity programs by refining internal processes, investing in technology, and expanding their supplier bases through targeted technical assistance efforts. These initiatives moved forward despite challenges including an industry-wide lack of diversity among energy suppliers and constraints due to California Proposition 209 (Proposition 209).³⁶ However, CCAs made meaningful progress across multiple areas.

Key results:

- Clean PowerSF Achieved 3.07% supplier diversity spend in 2024 for goods and services (non-power purchases), an increase from 1.2% in 2023.

³⁶ 1996 California Proposition 209, also known as California Civil Rights Initiative, prohibits state governmental institutions from considering race, sex, or ethnicity, specifically in the areas of public employment, public contracting, and public education.

- Peninsula Clean Energy Diverse spend more than doubled, increasing from \$1.14M in 2023 to \$2.04M in 2024.
- Ava Community Energy Digital Contract Platform: Ava's legal team is implementing a platform to better track subcontracting and diverse vendor utilization.
- Clean Energy Alliance increased the amount and accessibility of information on its website related to supplier diversity.
- MCE co-hosted the annual Certify and Amplify event with Ava Community Energy and Silicon Valley Clean Energy, a first-time partnership.
- California Energy Choice Authority developed standard request-for proposal (RFP) language to encourage supplier diversity.
- Sonoma Clean Power was awarded the "Diversity in Business" award from the North Bay Business Journal.
- MCE was recognized by the Novato Chamber of Commerce as its 2024 Large Business of the Year award.

The CPUC praises the CCAs for their efforts to build and enhance their supplier diversity programs and looks forward to strengthening collaborations with chambers of commerce and business associations to expand on the many successes achieved in 2024.

2024 Energy Service Providers Supplier Diversity Performance

In April 2022, the CPUC approved Decision 22-04-035, extending the GO 156 reporting requirement to Electric Service Providers (ESPs). To comply with CPUC mandates on supplier diversity, ESPs are required to submit annual reports by March 1st. These reports detail their short-term, medium-term, and long-term diversity objectives. Each ESP has established teams dedicated to tracking and ensuring the implementation of these plans.

Key results:

- Ten ESPs³⁷ filed GO 156 annual reports.
- 3 Phases Renewables (6.9 percent), Cal Pine Energy Services (2.1 percent), and Constellation Energy Corporation (6.5 percent) reported diverse procurement of goods and services.
- 3 Phases Renewables reported diverse power procurement of \$172,625.

ESPs reported challenges increasing spending with diverse suppliers, largely due to the limited availability of diverse businesses in power procurement which accounts for approximately 98 percent of their total procurement. This challenge is not unique to ESPs; other retail suppliers in California also report minimal to no contracting with diverse suppliers in this area.

While current efforts in supplier diversity are constrained, ESPs remain committed to developing a sustainable strategy to increase diverse supplier spending in goods and services categories. ESPs actively seek out, track, and collaborate with diverse business enterprises that can provide quality products and services competitively. Additionally, their supplier diversity teams work to inform and guide interested companies on how to engage with ESPs for power procurement opportunities. These ongoing efforts lay the groundwork for more inclusive procurement practices over time.

³⁷ 3 Phases Renewables Inc., BP Energy Retail Company California LLC, Cal Pine Power America-CA, LLC, Cal Pine Energy Solutions, LLC, Commercial Energy of Montana Inc, Constellation Energy Corporation, NRG, Pilot Power Group, The Regents of the University of California, Shell Energy.

Conclusion

The 2024 results demonstrate a commitment by participating entities to advance inclusivity in the utility procurement process. The CPUC will continue to encourage investment in economic development initiatives that create meaningful opportunities for small and diverse suppliers.

In 2025, the CPUC will focus on the following priority areas:

Program Assessment

- Monitoring national policy trends and industry best practices in supplier diversity.
- Providing guidance to entities covered by GO 156 to ensure the adoption of supplier diversity best practices, accurate reporting, and transparency.

Outreach and Engagement

- Forming partnerships and collaborations with chambers of commerce, community-based organizations, diverse communities, business organizations, and advocacy groups to raise awareness and support for supplier diversity opportunities.
- Promoting the inclusion of diverse suppliers in the procurement activities of utilities, CCAs, ESPs, and other entities within the scope of GO 156.

Program Development and Enhancement

- Developing targeted strategies to improve outcomes in underperforming categories.
- Supporting the adoption of new technologies by suppliers and GO 156 entities.

The CPUC appreciates the efforts of utilities, CCAs, ESPs, and other stakeholders to advance the goals of GO 156 and looks forward to building on more than 35 years of progress.
