RE: Audit of Anaheim Public Utilities' Electrical Distribution Facilities

Dear Mr. Daye:

I received your letter dated April 24<sup>th</sup>, 2025, regarding the audit and field inspection of the City of Anaheim ("Anaheim") electric distribution facilities conducted by your staff, Kyle King, from April 7-11, 2025. Included with your letter was an audit summary which alleged violations of General Orders (GOs), along with a request for identification of corrective measures.

Anaheim welcomes opportunities to ensure the integrity of its electric system, and these voluntary inspections help further Anaheim's commitment to system excellence. However, Anaheim is not subject to the jurisdiction of, nor regulated by the CPUC. Notwithstanding, we do utilize General Orders as industry best practice and appreciate the detailed review of our distribution facilities.

We have addressed all the issues identified in the CPUC audit findings letter and referenced them below:

[REDACTED]

Anaheim remains committed to system excellence and supports the overall goals of a safe and reliable electric system.

Please feel free to call me with any questions. I can be reached at (714) 765-5105 or [JaMartinez@anaheim.net](mailto:JaMartinez@anaheim.net).

Sincerely,

*Jared Martinez*
