SUBJECT: General Order 112-F Gas Inspection of PG&E's Humboldt Division

Dear Ms. Cowsert:

The Safety and Enforcement Division (SED) of the California Public Utilities Commission conducted a General Order 112-F inspection of Pacific Gas & Electric Company's (PG&E) Humboldt Division (Division) from August 8 to August 17, 2023. The inspection included a review of the Division's records for the period of 2019 through 2022, as well as a representative field sample of the Division's facilities. SED staff also reviewed the Division's operator qualification records, which included field observation of randomly selected individuals performing covered tasks.

SED's staff did not identify any probable violations of G.O. 112-F, Reference Title 49 Code of Federal Regulations (CFR), Part 192, and considers this inspection closed.
