Dear Mr. Schwecke:

The Safety Enforcement Division (SED) of the California Public Utilities Commission conducted a **General Order (G.O.) 112-F Comprehensive Operation and Maintenance Inspection of Southern California Gas Company (SoCalGas)'s Southeast Orange North Distribution Area (Inspection Unit)** on June 5-9 and June 12, 2023. SED used the Pipeline and Hazardous Materials Safety Administration (PHMSA), Office of Pipeline Safety's "Inspection Assistant Form" as a reference guide to conduct the inspection. The inspection included a review of SoCalGas' records from January 1, 2019 through December 31, 2022 and field inspections of SoCalGas' pipeline facilities in Anaheim, Downey, La Jolla, and Whittier. SED's staff also reviewed the implementation of SoCalGas' Operator Qualification program, which included field observation of randomly selected individuals performing covered tasks.

SED staff did not find any concerns or probable violations of G.O. 112-F, Reference Title 49 Code of Federal Regulations (CFR), Part 192 during the course of this inspection. Therefore, this letter also serves as official closure of the 2023 Comprehensive Operation and Maintenance Inspection of the Inspection Unit.

Thank you for your cooperation in this inspection. If you have any questions, please contact Michelle Wei, Senior Utilities Engineer (Specialist), at (213) 620-2780 or by email: miw@cpuc.ca.gov.

Sincerely,

A handwritten signature in blue ink that reads "Terence Eng".
