1 A positive balance means an overcollection.  
A negative balance means an undercollection.

**Note 1:** On July 13, 2023 Alisal Water Corporation filed Advice Letter #209 updating the preliminary statement to include the accounting instruction for monthly interest calculation. In addition, Alisal updated the title of the Balancing Account to reflect the current name of the state agency this balancing account pertains to.

**Note 2:** Please note that the 06/30/23 balances are subject to year end adjustments when Alisal Water Corporation finalizes its 2023 financial reports.

**Note 3:** Alisal Water Corporation is independently audited annually and the Independent Auditor's Report is submitted each year to the Director of the Division of Water and Audits.

**Note 4:** In March 2023, the California Utilities Commission Division of Audits initiated an audit of Alisal Water Corporation's Balancing Accounts. At the time of the submittal of this June 2023 Semi-Annual Report, the Audit Division has not completed the audit of Alisal's Balancing Accounts. During the normal course of the audit, it was determined that Alisal was not recording interest on a monthly basis to the balancing accounts. After consultation with the CPUC Water Division, it was agreed that Alisal would record the accrued interest for the period of 2020 through June 2023 and include it in the June 2023 Semi-Annual Report (to be file by August 16, 2023) as opposed to having to submit restated semi-annual reports for the period of 2020-2022. Alisal has also submitted the underlying interest calculation workpapers to Water Division for review.
