Re: California Teleconnect Fund Administrative Letter No. 26 – CTF Eligible Services List

The California Public Utilities Commission (CPUC) adopted the California Teleconnect Fund Goals and Program Rule Changes in Ordering Paragraph 1 of Decision (D.) 15-07-007, which took effect on July 23, 2015. Rule 11 of Appendix A, of the California Teleconnect Fund Goals and Program Rule Changes states:

“CD Staff will update the eligible services list annually via administrative letter.”

The California Teleconnect Fund Program will continue to use the existing Eligible Services List as adopted in Appendix B of D.15-07-007, until further notice. In addition, we clarify that Multi-Protocol Label Switching (MPLS) is also eligible when used in conjunction with another CTF-eligible service. The list of eligible services can be found on the California Public Utilities' California Teleconnect Fund Program website by selecting the link below:
