¹2017 compensation from Southern California Edison Company (SCE), Edison International (EIX), or EIX subsidiaries other than SCE of (i) EIX's named executive officers in the 2018 EIX and SCE Joint Proxy Statement ("2018 Proxy") and (ii) SCE's executive officers and other employees with base salary at or above \$250,000 in 2017. See the Narrative Statement Describing Compensation Elements in this GO 77-M report for additional information.

²This column shows SCE titles as of (i) 12/31/2017 for individuals employed by SCE on that date or (ii) the most-recent date in 2017 employed by SCE for individuals not employed by SCE on 12/31/2017. For EIX named executive officers who were not employed by SCE on 12/31/2017, this column shows titles as of 12/31/2017 or the last date of employment in 2017.

³This column shows performance-based bonuses and follows the reporting for column (g), "Non-Equity Incentive Plan Compensation," of the Summary Compensation Table in the 2018 Proxy ("Summary Compensation Table").

⁴This footnote is on page 3.

⁵This footnote is on page 4.

⁶This footnote is on page 5.

⁷Separated from service during 2017.

Footnote 4 to the "Summary of 2017 Compensation" table on page 2: This footnote 4 pertains to the "Stock Awards" and "Option Awards" columns on page 2. The amounts reported in those page 2 columns are the estimated grant-date values of 2017 awards, using the methodology described in the 2018 Proxy for columns (e), "Stock Awards," and (f), "Option Awards," of the Summary Compensation Table. 2017 stock awards consisted of performance shares and restricted stock units. 2017 option awards consisted of non-qualified stock options.

The Footnote 4 table below uses the methodology described in the "Option Exercises and Stock Vested" section of the 2018 Proxy to show: the value realized on exercise of stock options in 2017; and the value of performance shares and restricted stock units that vested in 2017.

Footnote 5 to the "Summary of 2017 Compensation" table on page 2. This footnote pertains to the "Change in Pension Value and Non-Qualified Deferred Compensation Earnings" column on page 2 (the "Page 2 Pension/NQDC Column"). The Page 2 Pension/NQDC Column uses the methodology described in the 2018 Proxy for column (h). "Change in Pension Value and Non-Qualified Deferred Compensation Earnings," of the Summary Compensation Table.

The "Pension" column in the following Footnote 5 table shows what portion of the amount in the Page 2 Pension/NQDC Column represents a change in the actuarial present value of the accumulated benefit under the qualified and non-qualified pension plans. The "NQDC Earnings" column shows what portion of the amount in the Page 2 Pension/NQDC Column represents a above-market interest on Non-Qualified Deferred Compensation (NQDC) plan account balances.

⁸ In accordance with Securities and Exchange Commission rules, decreases in pension values are not included in the amount reported in the 2018 Proxy for column (h). "Change in Pension Value and Non-Qualified Deferred Compensation Earnings," of the Summary Compensation Table. For consistency, decreases in pension values are also not included in the amount reported in the Page 2 Pension/NQDC Column or the "Total" column on this page.

Footnote 6 to the "Summary of 2017 Compensation" table on page 2: The following Footnote 6 table provides a breakdown of the amounts included in "All Other Compensation" on page 2. "Plan Contributions" shows total company contributions for the Edison 401(k) Savings Plan and the non-qualified deferred compensation plan. "Perquisites" shows formal perquisites taxed as compensation. Amounts that some may view as perquisites, but were solely business expenses paid through Accounts Payable are not shown; instead, they are included in the "Expenses" reported in Section 1.a of this filing. "Employee Regular Benefits" pertains to broad-based employee benefits other than retirement and savings plans. "Additional Compensation" is described in footnote 10 below.

| Name | Plan Contributions (\$) | Executive Survivor Benefits (\$) | Perquisites (\$) ⁹ | Employee Regular Benefits (\$) | Additional Compensation (\$) ¹⁰ | Total (\$) |

⁹ EIX has a matching gift program that provides assistance to qualified educational institutions by matching dollar-for-dollar gifts by directors up to \$10,000 per calendar year. Messrs. Pizarro and Payne participated in this program in their capacities as directors. EIX made matching gifts totaling \$10,000 and \$5,000, respectively, with respect to gifts made by Messrs. Pizarro and Payne to educational institution(s). The matching gifts were not taxable compensation to either Mr. Pizarro or Mr. Payne. In addition, the company incurred \$13,394 in business expenses for residential security services in connection with a company-oriented security concern for Mr. Pizarro. Such security expenses are included in the "Expenses" reported in Section 1.a of this filing.

¹⁰ In connection with their respective separations from service, Messrs. Litzinger and [REDACTED] and [REDACTED] accrued or were paid (i) amounts totaling \$266,106, \$72,404, and \$28,707, respectively, for their accrued and unused vacation, and (ii) amounts totaling \$1,438,391, \$759,231, and \$445,483, respectively, as cash severance benefits. Messrs. Nichols and [REDACTED] received payments totaling \$20,000 and \$62,500, respectively, that were paid pursuant to the terms of their employment or retention offers. [REDACTED] received relocation and/or mileage payments totaling \$10,177.

* See footnote 2 on page 2 for more information

** The expenses listed in the "Expenses" column in Sections 1.a, 4, and 5 include employee expense reimbursements and expenses paid through Edison's corporate credit card. The expenses paid through Edison's corporate credit card may include (i) procurement or fleet related costs incurred on behalf of a department or organizational unit and (ii) costs subsequently reimbursed by the employee.

Section 1.b

Proportion of Compensation Paid Directly or Indirectly by Utility Ratepayers

**SOUTHERN CALIFORNIA EDISON COMPANY
PROPORTION OF COMPENSATION PAID DIRECTLY OR INDIRECTLY BY UTILITY RATEPAYERS
FOR THE YEAR ENDED DECEMBER 31, 2017**

The 2015 General Rate Case (“2015 GRC”) decision by the California Public Utilities Commission authorized Southern California Edison Company (“SCE”) to recover: all of its estimated costs for salary for executive officers¹ and most of its estimated costs for salary for other executives; approximately 40 percent of its estimated costs for short-term incentives for executive officers and approximately 68 percent for other executives; none of its estimated costs for long-term incentives; approximately half of its estimated costs for executive retirement plan (“ERP”) benefits; all of its estimated costs for qualified pension plan benefits for employees (including executives); none of its estimated costs for non-qualified deferred compensation (“NQDC”) earnings or company contributions; and all of its estimated costs for its 401(k) savings plan, its medical, dental, and vision programs, and its broad-based disability and life insurance benefits for employees (including executives).² With respect to the costs presented in Sections 1 and 1.a of this filing,³ assuming that the 2015 GRC decision, as applied, provided for recovery of (i) all the costs presented in the “Salary” column for SCE executives⁴ and 30 percent of the “Salary” costs for Allocated EIX Officers,⁵ (ii) 40 to 68 percent of the costs presented in the “Bonus” column for SCE executives (depending on the position)⁴ and zero percent of “Bonus” costs for Allocated EIX Officers, (iii) none of the costs presented in the “Stock Awards” and “Option Awards” columns, (iv) 50 percent of the ERP costs and all of the qualified pension plan costs for SCE executives,⁴ none of the ERP or qualified pension plan costs for Allocated EIX Officers, and none of the NQDC costs included in the “Change in Pension Value and Non-Qualified Deferred Compensation Earnings” column, (v) up to 100 percent of the costs presented in the “All Other Compensation” column for SCE executives and up to 30 percent of such costs for Allocated EIX Officers, (vi) all of the costs presented in the Summary of 2017 Expenses table,^{4, 6} and (vii) none of the costs presented for Mr. Litzinger in the Summary of 2017 Compensation table, then the proportion of the aggregate compensation in the “Total” column of the Summary of 2017 Compensation table and the “Expenses” column of the Summary of 2017 Expenses table paid directly or indirectly by utility ratepayers amounted to less than forty percent.

¹ SCE’s estimated salary costs included allocated costs from Edison International (“EIX”) for 30 percent of the estimated salaries of EIX’s chief executive officer, chief financial officer, and general counsel (the “Allocated EIX Officers”).

² SCE’s estimated costs for broad-based benefit plans included allocated costs from EIX for 30 percent of the estimated benefits of the Allocated EIX Officers.

³ Respectively consisting of “EIX Named Executive Officers and SCE Officers and Employees Base Salary of \$250K+ Per Year, Summary of 2017 Compensation” (the “Summary of 2017 Compensation”), and “EIX Named Executive Officers and SCE Officers and Employees Base Salary of \$250K+ Per Year, Summary of 2017 Expenses” (the “Summary of 2017 Expenses”).

⁴ Some of the individuals listed in Section 1 as being SCE executives on 12/31/17 were either executives of both SCE and EIX for all or part of 2017 or were solely EIX executives earlier in 2017. For these individuals, a smaller proportion of costs was recoverable than for individuals who were not EIX executives at any point in 2017.

⁵ For 2017, Messrs. Pizarro and Umanoff and Ms. Rigatti were treated as Allocated EIX Officers.

⁶ For the individuals listed in Section 1 as EIX executives, many or most of the costs presented in the Summary of 2017 Expenses table for those individuals were not recoverable from ratepayers.

Section 2

Independent Auditor's Letter

REPORT OF INDEPENDENT ACCOUNTANTS

Southern California Edison Company Management:

We have examined Southern California Edison Company's (the "Company") compliance with the disclosure requirements of subsections (a) and (c) of the Public Utilities Commission of the State of California's (the "CPUC") General Order No. 77-M ("GO 77-M") for the year ended December 31, 2017. Management of the Company is responsible for the Company's compliance with those requirements. Our responsibility is to express an opinion on the Company's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the Company complied, in all material respects, with the GO 77-M requirement that the elements of the accompanying 2017 Tables (the "2017 Tables" are included in the Company's GO 77-M 2017 Annual Report and consist of the Southern California Edison Company EIX Named Executive Officers and SCE Officers and Employees, Base Salary of \$250K+ Per Year, Summary of 2017 Compensation table, including the footnote 4, footnote 5, and footnote 6 tables thereto, and the Southern California Edison Company EIX Named Executive Officers and SCE Officers and Employees, Base Salary of \$250K+ Per Year, Summary of 2017 Expenses table) are fully disclosed, clearly described, and comprehensive, and that they are consistent with the books and records of the Company, authorization by the Company's Compensation and Executive Personnel Committee, and the documents filed with the Securities and Exchange Commission and other sources available on the internet. An examination involves performing procedures to obtain evidence about whether the Company complied with the specified requirements. The nature, timing and extent of the procedures selected depend on our judgment, including an assessment of the risks of material noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

Our examination does not provide a legal determination on the Company's compliance with specified requirements.

In our opinion, Southern California Edison Company complied, in all material respects, with the aforementioned requirements for the year ended December 31, 2017.

This report is intended solely for the information and use of (i) the management of the Company and (ii) the CPUC, and is not intended to be, and should not be, used by anyone other than these specified parties, except as otherwise provided under applicable law.

Los Angeles, California
May 14, 2018

Section 3

Narrative Statement Describing Compensation Elements

SOUTHERN CALIFORNIA EDISON COMPANY
Narrative Statement Describing Compensation Elements
Pursuant to General Order No. 77-M
For the Year Ended December 31, 2017

The summary of 2017 compensation submitted as part of this filing and described herein as “EIX Named Executive Officers and SCE Officers and Employees, Base Salary of \$250K+ Per Year, Summary of 2017 Compensation” (the “Summary”) generally follows the presentation included in the Joint Proxy Statement of Edison International (“EIX”) and Southern California Edison Company (“SCE” and, together with EIX, the “Companies”) prepared for purposes of the Companies’ annual meeting of shareholders held on April 26, 2018 (the “Joint Proxy”). However, as the California Public Utilities Commission noted in its Decision (06-12-029) adopting General Order No. 77-M (“G.O. 77-M”), the regulatory purposes served by the report are not identical to those reflected in the Securities and Exchange Commission (“SEC”) proxy rules governing executive compensation disclosure. A primary difference between the two is the fact that the rules governing G.O. 77-M call for the disclosure of “total compensation” (as specifically described) either (i) received in the past year or (ii) awarded in the past year but not yet received, while the proxy rules generally require more expansive disclosure including compensation accrued over past periods. Nevertheless, the SEC proxy disclosure rules mandate fairly detailed descriptions of various executive compensation benefit plans, set forth in plain English, especially in the “Compensation Discussion and Analysis” (“CD&A”) section. Accordingly, the narrative that follows makes extensive cross-references to the CD&A and related discussions contained in the Joint Proxy.

Base Salaries

Base salaries are paid in cash. Eligible participants in the EIX Executive Deferred Compensation Plan (the “EDCP”) may defer up to 75% of their base salaries. The Executive Compensation and Personnel Committees of the Boards of Directors for EIX and SCE (each the “Committee” and together, the “Committees”) annually review and set officer base salaries, while Company management annually reviews and sets base salaries for other executives. This annual process is currently completed each February.

The Companies generally target a competitive range of +/-15% around the market median level of base salaries for comparable executive positions.¹ For more information regarding base salaries, please see pages 33-34 and 41-44 of the Joint Proxy.

Annual Incentives

Toward the start of each year, the Committees establish corporate performance goals for the year and the Committees and Company management set target annual incentive awards for officers and other executives, respectively, in accordance with the terms of the EIX Executive Incentive Compensation Plan. The target annual incentive award for each executive is stated as a

¹ The Committees and management may time to time vary from the competitive range, after taking into account the executive’s experience, time in position, individual performance, internal equity, retention concerns, or other factors they consider relevant under the circumstances.

percentage of base salary and is generally within a competitive range of +/-15% around the market median level for comparable positions.¹

The 2017 corporate performance goals established under the EIX Executive Incentive Compensation Plan reflected key financial, safety, operational and service excellence, strategic, and people and culture objectives for the year. For each goal category, the Committees assigned a target score equal to the relative weight given that goal category and a potential score range. In February 2018, the Committees determined the score achieved for each 2017 goal category, depending on the extent to which the goals were unmet, met or exceeded. The Committees have discretion to increase or decrease the corporate performance factor from the amount determined by application of the scoring matrix. The Committees also have discretion to determine the individual performance factors for officers, while Company management has discretion to determine the individual performance factors for other executives. The 2017 annual incentive award for each executive was determined by multiplying the target set for that executive by the corporate performance factor and their individual performance factor for the year.

For more information regarding 2017 annual incentive awards, including additional information regarding performance metrics and criteria, please see pages 34-38 and 41-44 of the Joint Proxy.

Long-Term Incentives

In 2017, each executive's long-term incentive award value was in the form of 50% EIX non-qualified stock options, 25% performance shares, and 25% restricted stock units. The performance shares and restricted stock units provide for reinvested dividend equivalents, while the stock options contain no dividend equivalent rights. Target values of the long-term incentive awards were set as a percentage of base salary and were generally within a competitive range of +/-15% around the market median level for comparable positions.¹

Non-Qualified Stock Options

Each stock option granted by EIX in 2017 may be exercised to purchase one share of EIX common stock at an exercise price equal to the closing price of a share of EIX common stock on the applicable grant date. The 2017 stock options vest over a four-year period, subject to continued employment, with one-fourth of each award generally vesting and becoming exercisable January 2, 2018, January 2, 2019, January 2, 2020, and January 4, 2021.

For additional information regarding non-qualified stock options, please see pages 38-41 of the Joint Proxy.

Performance Shares

Each contingent performance share awarded in 2017 is a contractual right to receive the cash equivalent of one share of EIX common stock, subject to the performance vesting requirements described below and a continued service vesting requirement (employment with the Company until December 31, 2019 is required to receive a payout, unless employment terminates for certain reasons as described in the Joint Proxy). Half of each executive's 2017 contingent performance share award is subject to a performance measure based on relative total shareholder

return (“TSR”) over a three-calendar-year period compared to the other companies in the Philadelphia Utility Index. No TSR performance shares will be paid if the TSR is below the 25th percentile, 25% of the target number of shares will be paid if the TSR is at the 25th percentile, and the target number of shares will be paid if the TSR is at the 50th percentile. Shares earned can be a multiple of up to two times the number of TSR performance shares granted if the TSR is at or above the 75th percentile of the comparison group. The number of shares paid will be interpolated on a straight-line basis with discrete intervals at every 5th percentile for TSR rankings between the 25th and 50th or between the 50th and 75th percentiles.

The other half of each executive’s 2017 contingent performance share award is subject to a performance measure based on EIX’s three-year average annual core earnings per share measured against target levels. The performance multiple for each calendar year in the performance period is based on EIX’s actual core earnings per share (“EPS”) performance as a percentage of the EPS target for that year (“EPS Percentage”), as follows: the performance multiple is zero if the EPS Percentage is below 80%, 0.25 if the EPS Percentage is 80%, 1.00 if the EPS Percentage is 100%, and 2.0 if the EPS Percentage is at or above 120%. If EIX’s EPS Percentage is between 80% and 100% or between 100% and 120%, the EPS performance multiple will be interpolated on a straight-line basis, with discrete intervals at every 4th percentile. The EPS performance multiples achieved for each calendar year in the three-year performance period will be averaged, and the resulting average will determine the EPS performance share payout as a multiple of target.

For additional information regarding performance shares, please see pages 38-41 of the Joint Proxy.

Restricted Stock Units

Each restricted stock unit awarded in 2017 is a contractual right to receive one share of EIX common stock if continued service vesting requirements are satisfied. If the executive remains employed, restricted stock units vest and become payable at the end of a three-year period ending on January 2, 2020. If an executive’s employment terminates before January 2, 2020, all of the restricted stock units awarded generally will terminate for no value, unless employment terminates for certain reasons as described in the Joint Proxy.

For additional information regarding restricted stock units, please see pages 38-41 of the Joint Proxy.

Pensions and Other Retirement Plans

The Companies maintain two primary defined-benefit pension plans covering executives: the SCE Retirement Plan and the Executive Retirement Plan (the “ERP”). The SCE Retirement Plan is the Companies’ tax-qualified defined-benefit employee retirement plan in which the Companies’ executives participate generally on the same terms as other eligible employees. The ERP is an unfunded defined benefit plan designed in accordance with applicable law to allow executives to receive benefits that would be paid under the SCE Retirement Plan or the Edison 401(k) Savings Plan but for limitations under the Internal Revenue Code, and certain additional benefits.

SCE Retirement Plan

The SCE Retirement Plan is a non-contributory defined-benefit plan. The plan was a final average pay plan with a Social Security offset and a sick pay benefit until April 1, 1999, when for most participants a transition to cash balance features was adopted. Employees hired on or after December 31, 2017 are not eligible to participate in the SCE Retirement Plan.

Under the cash balance approach, eligible employees have cash balance accounts that grow through the following credits made to such accounts: pay credits; transition credits; interest credits; and an additional \$150 monthly credit. Employees who were at least 50 years of age or had 60 “points” (i.e. calculation of age plus service) as of the date the cash balance feature was implemented are eligible for “grandfathering.” “Grandfathered” employees’ retirement benefits are calculated under both the prior formulas and the cash balance feature, and the greater of the two amounts is the benefit paid.

For additional information on the SCE Retirement Plan, please see pages 59-60 of the Joint Proxy.

Executive Retirement Plan

Executives who participated in the ERP prior to January 1, 2018 received final average pay benefit accruals under a formula similar to a grandfathered formula in the SCE Retirement Plan. The ERP final average pay benefit formula includes large reductions in value for terminations prior to age 55, and smaller, graded reductions for early retirement after attaining age 55 but prior to age 61. ERP final average pay benefits are reduced and offset by SCE Retirement Plan benefits and up to 40% of the executive’s primary Social Security benefits.

For additional information regarding the ERP, including changes that went into effect January 1, 2018, please see pages 60-62 of the Joint Proxy.

Non-Qualified Deferred Compensation

The EDCP permits covered executives to elect to receive a portion of their compensation on a deferred basis. Each executive may elect to defer up to 75% of his or her base salary and up to 100% (less the tax withholding due in connection with the deferral) of any annual incentive award earned and the cash portion of any performance share payout. For 2017, the Companies made matching contributions with respect to certain deferrals under the EDCP to equalize benefits under the Edison 401(k) Savings Plan that would otherwise be lost due to limits under the Internal Revenue Code.

For additional information regarding the EDCP, including changes that went into effect January 1, 2018, please see pages 64-65 of the Joint Proxy.

All Other Compensation

Included in the Summary is a column entitled “All Other Compensation” that is similar to, but not the same as, the column entitled “All Other Compensation” in the Summary Compensation Table of the Joint Proxy. Both the Summary in this G.O. 77-M report and the Joint Proxy’s Summary Compensation Table include the Company contributions for executives under the Edison 401(k) Savings Plan and under the EDCP, payouts of accrued and unused vacation upon separation from service, cash severance benefits, executive survivor benefits (if any), taxable perquisites (if any), executive disability benefits (if any), and certain additional compensation. A key difference between the Summary in this G.O. 77-M report and the Joint Proxy’s Summary Compensation Table is that the former also includes amounts for employee regular benefits, while the latter does not.

For additional information regarding All Other Compensation as disclosed in the Joint Proxy, please see pages 44-46, 48-51 and 65-67 of the Joint Proxy.

Employee Regular Benefits

The SEC’s proxy rules, for the most part, do not require discussion of most broad-based employee benefit plans such as those providing medical, life insurance or disability coverage. Broad-based pension benefits such as the SCE Retirement Plan and, to a lesser extent, the Edison 401(k) Savings Plan are, on the other hand, included in the Joint Proxy discussion, both directly and for the purpose of describing certain related executive compensation benefits. The following provides a general overview of broad-based benefit plans included within the scope of total compensation for purposes of this G.O. 77-M report.

Flexible Benefits Program. The Companies’ flexible benefits program allows participants to choose the type and level of benefits that best meet the needs of the participant and his or her family. Flex options offered to most employees include medical, dental, vision, long-term disability (at 50%, 60% or 70% of salary), life insurance, accident insurance, health care and dependent care reimbursement accounts, and vacation buying. Each option has a price tag reflecting the cost of coverage. In general, the higher the level of benefit chosen, the higher the price tag. The Companies provide “flex dollars” that reflect the Companies’ contributions toward the cost of coverage. Eligible participants allocate such flex dollars toward the cost of their flex choices made at the time of open enrollment or otherwise as appropriate. Any flex dollars remaining after allocation toward selected benefit options are received in full-time employees’ paychecks throughout the year as additional taxable income. If a participant’s benefit price tags exceed the participant’s flex dollars, the participant pays the additional cost for most benefit options through pre-tax payroll contributions as permitted under Section 125 of the Internal Revenue Code.

Edison 401(k) Savings Plan. The Edison 401(k) Savings Plan is a tax-qualified defined-contribution pension plan with a 401(k) feature, in which qualifying full-time and part-time employees of EIX and SCE are eligible to participate. Subject to limits set by the Internal Revenue Service, all participants may defer up to 84% of eligible pay. The Companies match participant contributions of up to 6% of a participant’s eligible pay. In addition, participants hired on or after December 31, 2017 receive fixed profit sharing contributions of 6% of their

eligible pay. Participants' contributions are immediately vested, as are earnings on such amounts. The Companies' matching and fixed profit sharing contributions, plus earnings thereon, vest at a rate of 20% per year. After five years of service or reaching age 65, all existing and future Company contributions are fully vested.

Other Employee Benefits. The Companies provide short-term disability benefits, a preventive health account program under which employees and their families could receive reimbursement of up to \$400 in 2017 for approved activities designed to improve health that are not covered by their medical plans, an employee assistance program providing short-term counseling and various referral services, and voluntary benefits through which most employees are eligible to obtain coverage for certain legal services, identity theft services, and insurance at discounted group rates.

*The compensation listed in the "Compensation" column is the amount reported in Box 5 of Form W-2 Wage and Tax Statement filed by SCE for the individual for the reported Year.

**The expenses listed in the "Expenses" column in Sections 1.a, 4 and 5 include employee expense reimbursements and expenses paid through Edison's corporate credit card. The expenses paid through Edison's corporate credit card may include (i) procurement or fleet related costs incurred on behalf of a department or organizational unit and (ii) costs subsequently reimburse by the employee.
